Team Member Handbook

February 2026

ABOUT THIS HANDBOOK/DISCLAIMER

We prepared this handbook to help team members find the answers to many questions that they may have regarding their employment with Ambu-Star Inc. Please take the necessary time to read it.

We do not expect this handbook to answer all questions. Supervisors and Human Resources also serve as a major source of information.

Neither this handbook nor any other verbal or written communication by a management representative is, nor should it be considered to be, an agreement, contract of employment, express or implied, or a promise of treatment in any particular manner in any given situation, nor does it confer any contractual rights whatsoever. Ambu-Star Inc. adheres to the policy of employment at will which permits the Company or the team member to end the employment relationship at any time, for any reason, with or without cause or notice.

No Company representative other than the Vice President and/or Operations Director or Head of Human Resources may modify at-will status and/or provide any special arrangement concerning terms or conditions of employment in an individual case or generally and any such modification must be in a signed writing.

Many matters covered by this handbook, such as benefit plan descriptions, are also described in separate Company documents. These Company documents are always controlling over any statement made in this handbook or by any member of management.

This handbook states only general Company guidelines. The Company may, at any time, in its sole discretion, modify or vary from anything stated in this handbook, with or without notice, except for the rights of the parties to end employment at will, which may only be modified by an express written agreement signed by the team member and the Vice President and/or Operations Director or Head of Human Resources.

This handbook supersedes all prior handbooks.

Section 1 - GOVERNING PRINCIPLES OF EMPLOYMENT

1-1 Introduction

Welcome to Ambu-Star Inc. We are pleased to provide you with this team member handbook. In this handbook you will find important information about:

- The Principles that guide us as a company
- Ambu-Star Inc.'s expectation of you; and
- What you can expect from Ambu-Star Inc.

Among the most important pages are those that explain the principles our company strives for. Please read our Mission, Vision and Values, and commit yourself to them.

As you make your commitment to serve our patients, be assured that Ambu-Star Inc., is committed to creating a work environment in which everyone can be a contributing member with equal opportunity for advancement.

Please read this handbook carefully and refer to it as needed as you carry out your responsibilities to our patients, fellow team members, and the company.

Sincerely,

Randy Guyton
Vice President

1-2 Mission Statement

Our Mission, Vision, and Values

Our mission is to provide the absolute best care, compassion, and commitment in medical transport, our values are to provide our patients with the most time efficient and best compassionate quality care possible.

1-3 Equal Employment Opportunity

Ambu-Star Inc. is an Equal Opportunity Employer that does not discriminate on the basis of actual or perceived race, color, creed, religion, national origin, ancestry, citizenship status, age, sex or gender (including pregnancy, childbirth, pregnancy-related conditions, and lactation), marital status, military service and veteran status, physical or mental disability, genetic information, or any other characteristic protected by applicable federal, state, or local laws and ordinances. Ambu-Star Inc.'s management team is dedicated to this policy with respect to recruitment, hiring, placement, promotion, transfer, training, compensation, benefits, team member activities, access to facilities and programs, and general treatment during employment.

Any team members with questions or concerns about equal employment opportunities in the workplace are encouraged to bring these issues to the attention of the Head of Human Resources. Ambu-Star Inc. will not allow any form of retaliation against team members who raise issues of equal employment opportunity. If team members feel they have been subjected to any such retaliation, they should contact the Head of Human Resources. To ensure the workplace is free of artificial barriers, violation of this policy including any improper retaliatory conduct will lead to discipline, up to and including discharge. All team members must cooperate with all investigations conducted pursuant to this policy.

1-4 Pregnancy Accommodations
In compliance with South Carolina law (S.C. Code Ann. §1-13-80), Ambu-Star Inc. will not discriminate against an individual because of pregnancy, childbirth or related medical conditions, including, but not limited to, lactation. The Company will endeavor to make reasonable accommodations for the team member's medical needs arising from pregnancy, childbirth or related medical conditions, unless doing so would impose an undue hardship on the operation of the business.

Reasonable Accommodations
Reasonable accommodations may include, but are not limited to:

1. making existing facilities readily accessible to, and usable by, such team members, including acquiring or modifying equipment or devices necessary for performing essential job functions;
2. providing more frequent or longer break periods;
3. providing more frequent bathroom breaks;
4. providing a private place, other than a bathroom stall for the purpose of expressing milk;
5. modifying the Company's food or drink policy;
6. modifying work schedules;
7. providing seating or allowing the team member to sit more frequently;
8. providing assistance with manual labor and limits on lifting;
9. temporarily transferring the team member to a less strenuous or hazardous vacant position, if qualified; or
10. providing job restructuring or light duty, if available.

The Company will not:

- deny employment opportunities to the team member based on the need to make such reasonable accommodations;
- require the team member to accept an accommodation that the team member chooses not to accept, if the team member does not have a known limitation related to pregnancy, or if the accommodation is unnecessary for the team member to perform the essential duties of their job;
- require the team member to take leave under any leave law or Company policy if another reasonable accommodation can be provided to the team member; or
- take any adverse action against the team member in the terms, conditions or privileges of employment for requesting or using a reasonable accommodation.

Contact for Questions and Requests
If team members have any questions concerning this policy or if they wish to request an accommodation, they should contact the Head of Human Resources.

1-5 Non-Harassment
It is Ambu-Star Inc.'s policy to prohibit intentional and unintentional harassment of or against job applicants, contractors, interns, volunteers, or team members by another team member, supervisor, vendor, customer, or any third party on the basis of actual or perceived race, color, creed, religion, national origin, ancestry, citizenship status, age, sex or gender (including pregnancy, childbirth, and pregnancy-related conditions), marital status, military service and veteran status, physical or mental disability, genetic information, or any other characteristic protected by applicable federal, state, or local laws (referred to as "protected characteristics"). Such conduct will not be tolerated by Ambu-Star Inc.

The purpose of this policy is not to regulate any team member's personal morality, but to ensure that no one harasses another individual in the workplace, including while on Company premises, while on Company business (whether or not on Company premises) or while representing the Company. In addition to being a violation of this policy, harassment or retaliation based on any protected characteristic as defined by applicable federal, state, or local laws also is unlawful. For example, sexual harassment and retaliation against an individual because the individual filed a complaint of sexual harassment or because an individual aided, assisted, or testified in an investigation or proceeding involving a complaint of sexual harassment as defined by applicable federal, state, or local laws are unlawful.

Harassment Defined
Harassment generally is defined in this policy as unwelcome verbal, visual, or physical conduct that denigrates or shows hostility or aversion towards an individual because of any actual or perceived protected characteristic or has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

Harassment can be verbal (including slurs, jokes, insults, epithets, gestures, or teasing), visual (including offensive posters, symbols, cartoons, drawings, computer displays, text messages, social media posts, or emails), or physical conduct (including physically threatening another, blocking someone's way, etc.). Such conduct violates this policy, even if it does not rise to the level of a violation of applicable federal, state, or local laws. Because it is difficult to define unlawful harassment, team members are expected to behave at all times in a manner consistent with the intended purpose of this policy.

Sexual Harassment Defined
Sexual harassment can include all the above actions, as well as other unwelcome conduct, such as unwelcome or unsolicited sexual advances, requests for sexual favors, conversations regarding sexual activities, and other verbal, visual, or physical conduct of a sexual nature when:

- Submission to that conduct or those advances or requests is made either explicitly or implicitly a term or condition of an individual's employment;
- Submission to or rejection of the conduct or advances or requests by an individual is used as the basis for employment decisions affecting the individual; or
- The conduct or advances or requests have the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

Examples of conduct that violate this policy include:

- Unwelcome flirtations, leering, whistling, touching, pinching, assault, or blocking normal movement;
- Requests for sexual favors or demands for sexual favors in exchange for favorable treatment;
- Obscene or vulgar gestures, posters, or comments;
- Sexual jokes or comments about a person's body, sexual prowess, or sexual deficiencies;
- Propositions or suggestive or insulting comments of a sexual nature;
- Derogatory cartoons, posters, and drawings;
- Sexually explicit emails, text messages, or voicemails;
- Uninvited touching of a sexual nature;
- Unwelcome sexually related comments;
- Conversation about a person's own or someone else's sex life;
- Conduct or comments consistently targeted at a single gender, even if the content is not sexual; and

- Teasing or other conduct directed toward a person because of the person's gender.

Reporting Procedures
If the team member has been subjected to or witnessed conduct which violates this policy, the team member should immediately report the matter to the team member's supervisor. If the team member is unable for any reason to contact this person or if the team member has not received an initial response within five (5) business days after reporting any incident of what the team member perceives to be harassment, the team member should contact the Head of Human Resources. If the person toward whom the complaint is directed is one of the individuals indicated above, the team member should contact any higher-level manager in the reporting hierarchy.

Investigation Procedures
Every report of perceived harassment will be fully investigated, and corrective action will be taken where appropriate. All complaints will be kept confidential to the extent possible, but confidentiality cannot be guaranteed. All team members must cooperate with all investigations conducted pursuant to this policy.

Retaliation Prohibited
In addition, the Company will not allow any form of retaliation against individuals who report unwelcome conduct to management or who cooperate in the investigations of such reports in accordance with this policy. If the team member has been subjected to any such retaliation, the team member should report it in the same manner in which the team member would report a claim of perceived harassment under this policy.

Violation of this policy including any improper retaliatory conduct will result in disciplinary action, up to and including termination.

1-6 Americans With Disabilities Act (ADA)
It is the policy of Ambu-Star Inc. to comply with all federal and state laws concerning the employment of persons with disabilities and to act in accordance with regulations and guidance issued by the Equal Employment Opportunity Commission (EEOC). This includes the Americans with Disabilities Act (ADA) and the Americans with Disabilities Amendments Act, (ADAAA). Furthermore, it is our company policy not to discriminate against qualified individuals with disabilities in regard to application procedures, hiring, advancement, termination, compensation, training or other terms, conditions and privileges of employment.

Ambu-Star Inc. is committed to complying with applicable federal, state, and local laws governing reasonable accommodations of individuals, including, but not limited to, the Americans with Disabilities Act (ADA) and the Pregnant Workers Fairness Act (PWFA). To that end, Ambu-Star Inc. will endeavor to make a reasonable accommodation to applicants and team members who have requested an accommodation or for whom Ambu-Star Inc. has notice may require such an accommodation, related to an individual's:

- Disability, meaning any physical, medical, mental, or psychological impairment, or a history or record of such impairment;
- Sincerely held religious beliefs and practices;
- Needs as a victim of domestic violence, sex offenses, or stalking;
- Needs related to pregnancy, childbirth, or related medical conditions; and/or
- Any other reason required by applicable law, unless the accommodation would impose an undue hardship on the operation of our business.

Reasonable accommodations can take many forms. For example, reasonable accommodations for pregnancy, childbirth, or related medical conditions include but are not limited to things such as the ability to carry or keep water near and drink, as needed; allowing the team member additional restroom breaks; allowing the team member whose work requires standing to sit and whose work requires sitting to stand; allowing the team member breaks, as needed, to eat and drink; accommodations related to lactation; time off to recover from childbirth; modification of equipment; appropriate seating; temporary transfer to a different position that the team member is able to perform; restructuring job duties; light duty; or a modified work schedule. Ambu-Star Inc. will work with the team member to determine what accommodation is appropriate for the team member, given the team member's unique circumstances, that does not impose an undue hardship on Ambu-Star Inc.

Any team member who would like to request an accommodation based on any of the reasons set forth above should contact the Head of Human Resources. Accommodation requests can be made in writing using a form which can be obtained from the Head of Human Resources. If the team member who has requested an accommodation has not received an initial response within five (5) business days, they should contact .

Unless otherwise required by law, Ambu-Star Inc. may request that the team member provide supporting documentation. Cooperating with Ambu-Star Inc. by returning requested information in a timely fashion is required.

After receiving a request for an accommodation or learning indirectly that the team member may require such an accommodation, Ambu-Star Inc. will engage in an interactive dialogue with the team member.

Even if the team member has not formally requested an accommodation, Ambu-Star Inc. may initiate an interactive dialogue under certain circumstances, such as when Ambu-Star Inc. has knowledge that team member's performance at work has been negatively affected and a reasonable basis to believe that the issue is related to any of the protected classifications set forth above, in compliance with applicable law. In the event Ambu-Star Inc. initiates an interactive dialogue, it should not be construed as their belief the team member requires an accommodation, but will serve as an invitation for the team member to share with Ambu-Star Inc. any information the team member desires to share, or to request an accommodation.

The interactive dialogue may take place in person, by telephone, or by electronic means. As part of the interactive dialogue, Ambu-Star Inc. will communicate openly and in good faith with the team member in a timely manner in order to determine whether and how Ambu-Star Inc. may be able to provide a reasonable accommodation. To the extent necessary and appropriate, based on the request, Ambu-Star Inc. will attempt to explore the existence and feasibility of alternative accommodations as well as alternative positions for the team member. Ambu-Star Inc. is not required to provide the specific accommodation sought by the team member, provided the alternatives are reasonable and either meet the specific needs of the team member or specifically address the team member's limitations.

Ambu-Star Inc. will endeavor to keep confidential all communications regarding requests for reasonable accommodations and all circumstances surrounding the team member's underlying reason for needing an accommodation.

Ambu-Star Inc. will not allow any form of retaliation against team members who have requested an accommodation, for whom Ambu-Star Inc. has notice may require such an accommodation, or who otherwise engage in the interactive dialogue process.

Team members with questions regarding this policy should contact the Head of Human Resources.

1-7 At-Will Employment
Team members at Ambu-Star Inc. are hired on an at-will basis unless otherwise stated in a written individual employment agreement signed by the President. This means that either the team member or the Company may terminate the employment relationship at any time, for any reason, with or without cause, and with or without prior notice by either party. The at-will employment nature and this policy cannot be changed by any oral modifications, verbal agreements, or promises. Nothing in this handbook or any other document or written or verbal statement or policy provided to the team member creates or is intended to create, nor should it be construed as, an implied employment agreement or contract.

1-8 Drug-Free Workplace, Searches, and Drug-Testing
Ambu-Star Inc. is committed to maintaining a safe, healthy, and productive work environment for all team members, protecting Company property, and ensuring efficient operations. To support these goals, the Company maintains a drug-free and alcohol-free workplace. This policy applies to all team members and any individuals performing work on behalf of the Company.

Prohibited Conduct
The following activities are strictly prohibited on Company premises, while performing Company business (whether on or off Company property), or while representing the Company:

- Unlawful or unauthorized use, possession, sale, purchase, transfer, distribution, solicitation, or theft of controlled substances (including medical marijuana), alcohol, or drug paraphernalia
- Reporting to work or working under the influence of alcohol or any controlled substance that may impair job performance or pose safety concerns
- Using or being under the influence of marijuana, including medical marijuana, as a defense to a positive drug test, except as permitted by applicable law

Use of a controlled substance is permitted only when:

- It is taken pursuant to a licensed medical practitioner's instructions, and
- The practitioner has authorized the team member to safely report to work

This exception does not apply to recreational or medical marijuana under South Carolina law. Violation of this policy may result in corrective action, up to and including termination.

Searches and Inspections
Entering Company property constitutes consent to searches and inspections. If a team member is suspected of violating this policy, they may be required to submit to a search at any time. Searches may include:

- Pockets and clothing
- Lockers, desks, and workstations
- Backpacks, purses, wallets, briefcases, and lunchboxes
- Vehicles and Company equipment

Refusal to cooperate with a search may result in disciplinary action.

Drug and Alcohol Testing
To ensure fairness and accuracy, all testing will follow FMCSA and DOT guidelines where applicable. Testing procedures include:

- A screening test
- A confirmation test
- Review by a Medical Review Officer, including the opportunity to provide a legitimate medical explanation
- A documented chain of custody

All testing records will be maintained in confidential files separate from personnel records.
As a condition of employment, team members may be required to participate in:

- Pre-employment testing
- Pre-duty and periodic testing
- Random testing conducted in accordance with Company policy and applicable law, at the Company's sole discretion
- Post-accident testing
- Reasonable suspicion testing
- Return-to-duty and follow-up testing

Testing may include screening for amphetamines, cannabinoids, cocaine, opiates, phencyclidine (PCP), and alcohol. Alcohol testing may be conducted through urine or blood analysis; drug metabolite testing is conducted through urine analysis.

Shared Responsibility
A drug-free workplace is achieved through shared responsibility. Team members are expected to:

- Report to work unimpaired and able to safely perform their duties
- Promote a safe work environment
- Support coworkers seeking help
- Report unsafe or dangerous behavior to a supervisor

Supervisors are responsible for:

- Communicating this policy
- Observing performance and behavior
- Investigating reports of unsafe practices
- Documenting concerns
- Counseling team members on expected improvements
- Referring team members to assistance resources
- Explaining consequences for violations
- Support and Accommodation

Ambu-Star Inc. maintains a policy of non-discrimination and will make reasonable accommodations for individuals recovering from substance or alcohol dependencies, or those with a medical history reflecting treatment for such conditions.

However, team members may not request an accommodation to avoid discipline for violating this policy. Team members are encouraged to seek assistance before substance misuse affects their ability to perform essential job functions or jeopardizes safety.

1-9 Workplace Violence

Ambu-Star Inc. is strongly committed to providing a safe workplace. The purpose of this policy is to minimize the risk of personal injury to team members and damage to Company and personal property.

Ambu-Star Inc. does not expect team members to become experts in psychology or to physically subdue a threatening or violent individual. Indeed, Ambu-Star Inc. specifically discourages team members from engaging in any physical confrontation with a violent or potentially violent individual. However, Ambu-Star Inc. does expect and encourage team members to exercise reasonable judgment in identifying potentially dangerous situations.

Experts in the mental health profession state that prior to engaging in acts of violence, troubled individuals often exhibit one or more of the following behaviors or signs: over-resentment, anger and hostility; extreme agitation; making ominous threats such as bad things will happen to a particular person, or a catastrophic event will occur; sudden and significant decline in work performance; irresponsible, irrational, intimidating, aggressive or otherwise inappropriate behavior; reacting to questions with an antagonistic or overtly negative attitude; discussing weapons and their use, and/or brandishing weapons in the workplace; overreacting or reacting harshly to changes in Company policies and procedures; personality conflicts with co-workers; obsession or preoccupation with a co-worker or supervisor; attempts to sabotage the work or equipment of a co-worker; blaming others for mistakes and circumstances; or demonstrating a propensity to behave and react irrationally.

Prohibited Conduct

Threats, threatening language or any other acts of aggression or violence made toward or by any Company team member WILL NOT BE TOLERATED. For purposes of this policy, a threat includes any verbal or physical harassment or abuse, any attempt at intimidating or instilling fear in others, menacing gestures, flashing of weapons, stalking or any other hostile, aggressive, injurious or destructive action undertaken for the purpose of domination or intimidation. To the extent permitted by law, team members and visitors are prohibited from carrying weapons onto Company premises.

Procedures for Reporting a Threat

All potentially dangerous situations, including threats by co-workers, should be reported immediately to any member of management with whom the team member feels comfortable. Reports of threats may be maintained confidential to the extent maintaining confidentiality does not impede the ability to investigate and respond to the complaints. All threats will be promptly investigated. All team members must cooperate with all investigations. No team member will be subjected to retaliation, intimidation or disciplinary action as a result of reporting a threat in good faith under this policy.

If the Company determines, after an appropriate good faith investigation, that someone has violated this policy, the Company will take swift and appropriate corrective action.

If the team member is the recipient of a threat made by an outside party, that team member should follow the steps detailed in this section. It is important for the Company to be aware of any potential danger in its

offices. Indeed, the Company wants to take effective measures to protect everyone from the threat of a violent act by team members or by anyone else.

1-10 Open Door Policy
All team members have the opportunity to express ideas and opinions to management. The Company believes that open communication is essential to a successful work environment, as well as to the Company's success. All team members may express ideas and opinions directly to Company management. Team members who would like to bring an idea or suggestion to the Company's attention, or just simply wishes to discuss an issue not covered by a separate reporting procedure, are always welcome to send an email or make a call to Human Resources.

1-11 Complaint Procedure
Ambu-Star Inc. has established the following procedure for lodging a complaint of harassment, bullying, violence, discrimination, or retaliation. The Company will treat all complaints, investigations, and aspects of the procedure confidentially to the extent reasonably possible and information will be disclosed strictly on a need-to-know basis.

Ambu-Star Inc. will take adequate steps to ensure that team members are protected from retaliation during and after the investigation. Any person who is found to have violated this aspect of the policy will be subject to corrective action up to and including termination of employment.

Reporting Procedures
Complaints should be submitted in writing to the Head of Human Resources as soon as possible after an event has occurred to provide record of the date, time, and nature of the incident(s) and the names of any witnesses. If needed, the Operations Director may assist in completing a written statement or can dictate the verbal complaint.

If unable for any reason to contact the Head of Human Resources, or if the team members has not received an initial response within five (5) business days after reporting any incident, the team members should contact the Operations Director.

Investigation Procedures
An investigation will be conducted to determine whether there is a reasonable basis for believing that the alleged violation of company policy occurred.

During the investigation, the Head of Human Resources, together with legal counsel or other management team members, will interview the complainant, the respondent and any witnesses to determine whether the alleged conduct occurred.

Upon conclusion of the investigation, a written report will be created. If it is determined that a violation of a company policy has occurred, appropriate corrective action will be recommended. The corrective action will depend on the following factors:

- the severity, frequency and pervasiveness of the conduct;
- prior complaints made by the complainant;
- prior complaints made against the respondent; and
- the quality of the evidence (e.g., firsthand knowledge, credible corroboration).

If the investigation is inconclusive or if it is determined that there has been no violation of company policy, but potentially problematic conduct may have occurred, appropriate preventive action may be recommended.

Once a final decision is made, the Head of Human Resources will meet with the complainant and the respondent separately and notify them of the findings of the investigation. If corrective action is to be taken, the respondent will be informed of the nature of the discipline and how it will be executed.

Nothing in this policy may prevent the complainant or the respondent from pursuing formal legal remedies or resolution through local, state, or federal agencies or the courts.

1-12 Whistleblower Policy

A whistleblower as defined by this policy is an individual who reports an activity that they consider to be illegal or dishonest. Illegal or dishonest activities may include but are not limited to violations of federal, state, or local laws such as charging for services not performed or for goods not delivered; and/or other fraudulent financial reporting. Team members, exercising sound judgment, with knowledge of or a concern of illegal or dishonest fraudulent activity, should contact the Head of Human Resources or the Operations Director. Intentionally filing a false report of wrongdoing may subject the team member to corrective action, up to and including termination. Appropriate management officials, not the whistleblower, are responsible for investigating the activity and determining fault or corrective measures.

Protection of whistleblowers is provided for confidentiality and against retaliation. Where possible, the confidentiality of the whistleblower will be maintained, however, identity may need to be disclosed in order to conduct a thorough investigation, to comply with the law and/or to provide accused individuals their legal rights of defense. Ambu-Star Inc. will not retaliate or allow retaliation against a whistleblower, in the form of an adverse employment action or treatment. Any whistleblower who believes they are being retaliated against should immediately contact the Head of Human Resources or the Operations Director. The right of a whistleblower for protection against retaliation does not include immunity for any personal wrongdoing that is alleged and investigated.

All reports of illegal and dishonest activities will be promptly submitted to the Head of Human Resources, who are responsible for investigating and coordinating corrective action. Team members with any questions regarding this policy should contact the Head of Human Resources or the Operations Director.

Section 2 - OPERATIONAL POLICIES

2-1 Team Member Classifications

For purposes of this handbook, all Ambu-Star Inc. team members fall within one of the classifications below.

Full-Time Team members - Team members who regularly work at least 30 hours per week who were not hired on a short-term basis.

Part-Time Team members - Team members who regularly work fewer than 29 hours per week who were not hired on a short-term basis.

In addition to the above classifications, team members are categorized as either "**exempt**" or "**non-exempt**" for purposes of federal and state wage and hour laws. Team members classified as exempt do not receive overtime pay; they generally receive the same weekly salary regardless of hours worked. Such salary may be

paid less frequently than weekly. The team member will be informed of these classifications upon hire and informed of any subsequent changes to the classifications.

2-2 Working Hours And Schedule
Ambu-Star Inc. normally is open for business from 4:00 AM to 6:00 PM, Monday through Saturday.

Business operations on Sunday will be determined on scheduling requirements and operational needs.

Team members will be assigned a work schedule and will be expected to begin and end work according to the schedule. To accommodate the needs of the business, at some point Ambu-Star Inc. may need to change individual work schedules on either a short-term or long-term basis.

Team members will be provided meal and rest periods as required by law. A supervisor will provide further details.

2-3 Timekeeping Procedures
All non-exempt team members are required to use the timekeeping system to record their hours worked. Non-exempt team members are required to clock in/out for time off and other leave tracking purposes. Team members must record their individual time only. Team members may not ask another team member to clock in/out for them.

Time worked is all the time actually spent on the job performing assigned duties. Therefore, team members must not punch in until ready to start work. Team members should clock in no sooner than fifteen (15) minutes before their scheduled shift and clock out no later than fifteen (15) minutes after their scheduled shift. Additionally, team members are required to clock in/out for their designated lunch periods. The length of the lunch period should have the agreement of the team members' manager. Lunch periods are unpaid time when team members are relieved of all duties. Team members must obtain prior approval from their manager to waive their lunch break. Waiving the lunch break does not authorize overtime work.

Non-exempt team members are not permitted to work overtime or unscheduled time without prior authorization from their manager. This includes clocking in early, clocking out late, or working through the scheduled lunch period. If approved, work performed off the premises or job site or at home by a non-exempt team member, will be counted as time worked. A non-exempt team member will not be permitted to perform work away from the premises, job site or at home unless approved in advance by their supervisor.

If an entry into the timekeeping system is missed, the team member should notify their manager as soon as possible for correction. Any errors or accidental omissions on the timecard requiring correction must be signed and corrected by the Manager. Any team member who alters, tampers with, or falsely records actual time worked, alters another team member's timecard, or violates any timecard procedure may be subject to corrective action, up to and including termination.

Accurate time reporting is a federal and state wage and hour requirement, and team members are required to comply. Failing to enter time into the timekeeping system in an accurate and timely manner is unacceptable job performance.

Exempt team members who have exhausted all available paid time off may be subject to salary deductions of full day increments for time off from scheduled work.

2-4 On Call Status and Pay
This policy outlines the expectations and compensation for team members assigned to on-call duty. It is designed to comply with applicable federal and South Carolina wage and hour requirements.
Certain positions may be scheduled for on-call duty. On-call assignments may vary based on operational needs, with Sundays typically staffed at approximately 99% EMT/Driver personnel.
Team members assigned to on-call duty will receive an incentive pay at a particular rate based on the team members position, for each hour they are designated as on call. This rate may vary based on mileage, distance, or specific operation needs.

Response Time Requirement
Team members on call must be able to report to the designated work location within thirty (30) minutes of receiving a call-in request, unless otherwise approved by a supervisor.

Expectations While On Call
Team members must remain reachable by phone or other designated communication methods. Team members must be fit for duty and able to respond promptly if called in. Any failure to respond or report within the required timeframe may result in corrective action.

Overtime
Overtime compensation will apply only when a team member's total hours exceed forty (40) hours in a work week, in accordance with the Fair Labor Standards Act (FLSA). On-call hourly pay does not count as hours worked for overtime purposes unless a team member is actively performing essential job duties.

This policy may be updated or modified at the discretion of the Company to meet operational, regulatory, or business needs.

2-5 Overtime
When Ambu-Star Inc. experiences periods of extremely high activity, additional work may be required. Supervisors are responsible for monitoring business activity and requesting overtime work if it is necessary. Effort will be made to provide team members with adequate advance notice in such situations. Team members may work overtime only with prior management authorization. Any non-exempt team member who works overtime without authorization may be subject to disciplinary action, up to and including termination.

Any non-exempt team member who works overtime will be compensated at the rate of one and one-half times (1.5) their regular hourly wage for all time worked in excess of 40 hours each workweek, unless otherwise required by applicable law. Overtime pay is calculated based on actual hours worked. Paid time off, holidays, or any leave of absence will not be considered hours worked for purposes of performing overtime calculations. For purposes of calculating overtime for non-exempt team members, the workweek begins at 12 a.m. on Monday and ends 168 hours later at 12 a.m. on the following Monday.

2-6 Your Paycheck
Team members will be paid bi-weekly for all the time worked during the past pay period.

Payroll stubs itemize deductions made from gross earnings. By law, Ambu-Star Inc. is required to make deductions for Social Security, federal income tax and any other appropriate taxes. These required deductions also may include any court-ordered garnishments. Payroll stubs also will differentiate between regular pay received and overtime pay received.

If there is an error in any team member's pay, the team member should bring the matter to the attention of Operations Director immediately so the Company can resolve the matter quickly and amicably.

Paychecks will be given only to the team member, unless the team member requests that they be mailed or authorizes in writing that another person may accept the check.

Direct Deposit

Ambu-Star Inc. strongly encourages team members to use direct deposit. Authorization forms are available from Operations Director.

2-7 Your Employment Records
In order to obtain their position, team members have provided personal information, such as address and telephone number. This information is contained in their personnel file.

Team members should keep their personnel file up to date by informing the Head of Human Resources of any changes. Team members also should inform the Head of Human Resources of any specialized training or skills they acquire, as well as any changes to any required visas. Unreported changes of address, marital status, etc. can affect withholding tax and benefit coverage. Further, an "out of date" emergency contact or an inability to reach team members in a crisis could cause a severe health or safety risk or other significant problem.

2-8 Personnel Files
Ambu-Star Inc. maintains various employment files on team members. Examples of these files are team member personnel files, attendance files, Form I-9 files, and files for medical purposes. If any changes with respect to personal information, such as a change in home address, telephone number, or a change of name, team members have the ability to update the information within the isolved Adaptive Employee Experience (AEE). Team members are required to notify the Head of Human Resources. The Head of Human Resources will notify appropriate internal counterparts and make the appropriate updates to the team members files.

Team member files have restricted access in order to protect personal team member information. Managers and supervisors may only have access to personnel file information on a need-to-know basis, and then may be granted access to the file, or only limited parts of it. Team members wishing to review their personnel file, must do so in the presence of the Head of Human Resources, by making a written request to schedule a mutually agreeable time. A nominal copy fee may be charged.

This company policy may also be subject to state requirements, including potential requirements to provide (charge for) copies of personnel files.

2-9 Record Retention
Ambu-Star Inc. acknowledges its responsibility to preserve information relating to litigation, audits and investigations. Failure on the part of team members to follow this policy can result in possible civil and criminal sanctions against the Company and its team members and possible disciplinary action against responsible individuals (up to and including discharge of the team member). Each team member has an obligation to contact the Head of Human Resources to inform them of potential or actual litigation, external audit, investigation or similar proceeding involving the Company that may have an impact on record retention protocols.

2-10 Pay Deductions Policy For Exempt Team Members

It is Ambu-Star Inc. policy and practice to accurately compensate team members and to do so in compliance with all applicable state and federal laws. To ensure proper payment and that no improper deductions are made, team members must review pay stubs promptly to identify and report all errors.

Those classified as exempt salaried team members will receive a salary which is intended to compensate them for all hours they may work for Ambu-Star Inc. This salary will be established at the time of hire or classification as an exempt team member. While it may be subject to review and modification from time to time, such as during salary review times, the salary will be a predetermined amount that will not be subject to deductions for variations in the quantity or quality of the work performed.

Under federal and state law, salary is subject to certain deductions. For example, unless state law requires otherwise, salary can be reduced for the following reasons:

- full-day absences for personal reasons;
- full-day absences for sickness or disability if the deduction is made in accordance with a bona fide plan, policy or practice of providing wage replacement benefits for such absences (deductions also may be made for the exempt team member's full-day absences due to sickness or disability before the team member has qualified for the plan, policy or practice or after the team member has exhausted the leave allowance under the plan);
- full-day disciplinary suspensions for infractions of our written policies and procedures;
- Family and Medical Leave Act absences (either full- or partial-day absences);
- to offset amounts received as payment from the court for jury and witness fees or from the military as military pay;
- the first or last week of employment in the event the team member works less than a full week; and
- any full work week in which the team member does not perform any work.

Salary may also be reduced for certain types of deductions such as a portion of health, dental or life insurance premiums; state, federal or local taxes; social security; or voluntary contributions to a 401(k) or pension plan.

In any work week in which the team member performed any work, salary will <u>not</u> be reduced for any of the following reasons:

- partial day absences for personal reasons, sickness or disability;
- an absence because the Company has decided to close a facility on a scheduled workday;
- absences for jury duty, attendance as a witness, or military leave in any week in which the team member performed any work (subject to any offsets as set forth above); and
- any other deductions prohibited by state or federal law.

However, unless state law provides otherwise, deductions may be made to accrued leave for full- or partial-day absences for personal reasons, sickness or disability.

If team members believe they have been subject to any improper deductions, they should immediately report the matter to a supervisor. If the supervisor is unavailable or if the team member believes it would be inappropriate to contact that person (or if the team member has not received a prompt and fully acceptable reply), they should immediately contact Operations Director or any other supervisor in Ambu-Star Inc. with whom the team member feels comfortable.

2-11 Travel Time For Non-Exempt Team Members

Overnight, Out-of-Town Trips

Non-exempt team members will be compensated for time spent traveling (except for meal periods) during their normal working hours, on days they are scheduled to work and on unscheduled workdays (such as weekends). Non-exempt team members also will be paid for any time spent performing job duties during otherwise non-compensable travel time; however, such work should be limited absent advance management authorization.

Out-of-Town Trips for One Day

Non-exempt team members who travel out of town for a one-day assignment will be paid for all travel time, except for, among other things: time spent traveling between the team member's home and the local railroad, bus or plane terminal; and meal periods.

Local Travel

Non-exempt team members will be compensated for time spent traveling from one job site to another job site during a workday. The trip home, however, is non-compensable when the team member goes directly home from the final job site, unless it is much longer than the regular commute home from the regular worksite. In such case, the portion of the trip home in excess of the regular commute is compensable.

Commuting Time

Under the Portal to Portal Act, travel from home to work and from work to home is generally non-compensable. However, if a non-exempt team member regularly reports to a worksite near their home, but is required to report to a worksite farther away than the regular worksite, the additional time spent traveling is compensable.

If compensable travel time results in more than 40 hours worked by a non-exempt team member, the team member will be compensated at an overtime rate of one and one-half (1.5) times the regular rate.

To the extent that applicable state law provides greater benefits, state law applies.

2-12 Closings Due To Inclement Weather

This policy establishes guidelines for Company operations during periods of extreme weather and similar emergencies. The company will remain open in all but the most extreme circumstances. Unless an emergency closing is announced, all team members are expected to report to work. However, the Company does not advise team members to take unwarranted risks when traveling to work in the event of inclement weather or other emergencies. Each team member should exercise their best judgment on road conditions and other safety concerns.

Designation of Emergency Closing

Only with the authorization of designated managers will the Company cease operations due to emergency circumstances. If severe weather conditions develop during working hours, it is at the discretion of the Vice President to release team members. Team members will generally be expected to remain at work until the appointed closing time.

Procedures During Closings

If weather or traveling conditions delay or prevent team members reporting to work, their immediate supervisor should be notified as soon as possible. If possible, such notification should be made by a telephone

conversation directly with the supervisor. If direct contact is not possible, leaving a detailed voicemail message is acceptable.

Team members unable to report to work may use any accrued time off or take the day off without pay.

Pay and Leave Practices
When a partial or full-day closing is authorized by the Vice President, the following pay and paid leave practices apply:

- Non-exempt hourly team members will be sent home for partial days with the option of using paid time off for the remainder of the day. If paid time off is not available, team members will be excused from work without pay and without disciplinary action.

- Exempt team members will be expected to continue to work from home if their job duties allow. The Company will pay the exempt team member's regular salary regardless, as outlined in the Exempt Team Member Payroll Deduction policy.

- Exempt and non-exempt team members already scheduled to be off during emergency closings are charged such leave as was scheduled.

2-13 Artificial Intelligence
The Company recognizes that the use of artificial intelligence (AI) tools can potentially assist team members with the performance of job duties. However, there are many risks. To ensure the protection of confidential information and the integrity of our operations, as set forth below, all team members who wish to use AI tools must receive management approval and, if granted, comply with the below best practices.

Evaluation of AI tools. Team members must evaluate the utility and security of any AI tool before using it. This includes reviewing the tool's security features, terms of service, and privacy policy. Team members also should review the reputation of the tool developer and any third-party services used by the tool. But most importantly, team members must receive management approval prior to using any AI tool after explaining the manner in which it will be used and the benefits to the business.

Protection of confidential data. In using any AI tool, team members must not upload or share any confidential, proprietary, or protected data without prior written approval from the Vice President. This includes data related to customers, team members, or partners. Similarly, team members must ensure any AI tool does not utilize confidential or copyrighted information of a third party.

Access control. Team members must not give access to any AI tools approved for business use to anyone outside the Company without prior approval from the Vice President and implementation of processes as required to meet security compliance requirements. This includes sharing login credentials or other sensitive information with third parties.

Compliance with security policies. Team members must apply the same security best practices we use for all Ambu-Star Inc. and customer data. This includes using strong passwords, keeping software up-to-date, and following the Company’s data retention and disposal policies.

2-14 Infectious Disease Policy
Ambu-Star Inc. provides a place of employment that is “free from recognized hazards that are causing or are likely to cause death or serious physical harm.” However, it is rarely necessary to keep asymptomatic team members out of work following travel to an area affected by an infectious disease outbreak, as well as a local pandemic. During an infectious disease outbreak, the federal, state, and local governments may have laws and policies that we will have to follow. Here are a few steps that will most likely apply to all instances.

- Stay calm. Educate yourself about:
- How the disease is spread;
- Its symptoms; and
- Best practices to avoid transmission.
- We encourage team members to self-report any potential symptoms related to the infectious disease.
- We encourage team members to request PTO or a leave of absence if symptoms develop. There may be a federal, state, or company law passed for the outbreak. Ambu-Star Inc. will communicate this to all team members.

The CDC website generally recommends specific precautions for people traveling to an area affected by a current infectious disease outbreak and encourages people to monitor their health following potential exposure. The CDC website will also give valuable information and quarantine protocols if there is a domestic epidemic or pandemic. The Company will follow CDC guidelines. If team members remain concerned about potential exposure and liability, they should contact their supervisor for definitive guidance and risk assessment.

Team members will be provided with information about any country (or state) they will be visiting for work-related purposes, including cultural, medical, social, financial, and emergency travel. The CDC website will serve as the best source for prevention, symptoms, and treatment guidelines. Until the situation stabilizes, we may consider alternative working arrangements to ensure the health and safety of our team members. If travel to an impacted area is essential to the business, contact their supervisor regarding options.

Section 3 - BENEFITS
3-1 Benefits Overview
In addition to good working conditions and competitive pay, it is Ambu-Star Inc.'s policy to provide a combination of supplemental benefits to all eligible team members. In keeping with this goal, each benefit program has been carefully devised. These benefits include time-off benefits, such as vacations and holidays, and other plan benefits. We are constantly studying and evaluating our benefits programs and policies to better meet present and future requirements. These policies have been developed over the years and continue to be refined to keep up with changing times and needs.

The next few pages contain a brief outline of the benefits programs Ambu-Star Inc. provides team members and their families. Of course, the information presented here is intended to serve only as guidelines.

The descriptions of the insurance and other plan benefits merely highlight certain aspects of the applicable plans for general information only. The details of those plans are spelled out in the official plan documents, which are available for review upon request from the Head of Human Resources. Additionally, the provisions of the plans, including eligibility and benefits provisions, are summarized in the summary plan descriptions ("SPDs") for the plans (which may be revised from time to time). In the determination of benefits and all

other matters under each plan, the terms of the official plan documents shall govern over the language of any descriptions of the plans, including the SPDs and this handbook.

Further, Ambu-Star Inc. (including the officers and administrators who are responsible for administering the plans) retains full discretionary authority to interpret the terms of the plans, as well as full discretionary authority with regard to administrative matters arising in connection with the plans and all issues concerning benefit terms, eligibility and entitlement.

While the Company intends to maintain these team member benefits, it reserves the absolute right to modify, amend or terminate these benefits at any time and for any reason.

If team members have any questions regarding benefits, they should contact the Head of Human Resources.

3-2 Paid Time Off (PTO)

Ambu-Star Inc. appreciates how hard team members work and recognizes the importance of providing time for rest and relaxation. Ambu-Star Inc. fully encourages team members to get this rest by taking paid time off. Time off under this policy includes extended time off, such as for a vacation, and incidental time due to sickness or to handle personal affairs.

Regular full-time team members will accrue PTO according to the following schedule, while part-time team members will accrue PTO at a pro-rate.

Length of Service	Annual Accrual Rate
1 year	40 hours
2 years	80 hours
5+ years	120 hours

Note: Team members on an unpaid leave of absence will not accrue time off while on leave.

PTO should be used at the team member's discretion for either vacation time or sick time. No additional sick days are granted over the above referenced schedule of accruals. Team members may use PTO for themselves or a family member for the diagnosis, care or treatment of an existing health condition or preventive care, or specified purposes for team members who are victims of domestic violence, sexual assault, or stalking, or as state law dictates.

PTO may be taken only in full-day increments, unless otherwise approved by management.

Unless otherwise required by state law, compensation for any accrued but unused PTO up to a maximum of forty (40) hours will be paid out and included in the team member's final paycheck if the team member provided a two weeks' notice and worked through the entirety of the notice. Advanced but unaccrued paid time off will be deducted from the team member's final paycheck to the extent permitted by law.

PTO Request and Approval Procedure

Team members are asked to schedule and plan their vacations or other pre-planned absences well in advance to allow their colleagues ample notice to ensure there is adequate coverage of the work or projects to be

completed. If team members wish to use three (3) or more full days of paid time off consecutively, they must submit a request to their manager at least two (2) weeks in advance of the requested time off.

Similar notice should be provided for planned time off of shorter duration. Every effort will be made to grant requests, consistent with operating schedules. However, if too many people request the same period of time off, the Company reserves the right to choose who may take time off during that period. Individuals with the longest length of services generally will be given preference.

If team members will be out of work due to illness or due to any other emergency for which notice could not be provided, they must call in and notify their supervisor as early as possible, but at least by the start of their workday. If the team member calls in sick for one (1) or more consecutive days, the team member may be required to provide a doctor's note to their supervisor and the dispatch team on the day they return to work.

3-3 Lactation Accommodation

Pursuant to the South Carolina Lactation Support Act, Ambu-Star Inc. supports the legal right and necessity of team members who choose to express milk in the workplace. This policy is to establish guidelines for promoting a breastfeeding-friendly work environment and supporting lactating team members at the Company.

The Company will make reasonable efforts to provide a reasonable amount of unpaid break time to accommodate team members desiring to express breast milk for their child. If possible, the lactation break time must run concurrently with break time already provided to team members. Lactation break time that cannot run concurrently with paid break time already provided will be unpaid, subject to applicable law.

The Company will make reasonable efforts to provide team members with use of a room or location in close proximity to their work area, other than a toilet stall, in order to express milk in private.

Team members will not be discriminated against or retaliated against for choosing to express breast milk in the workplace in compliance with this policy and the law. Team members can contact the Head of Human Resources with questions regarding this policy.

3-4 Workers' Compensation

This policy outlines how workplace injuries are reported, how medical treatment is coordinated, and how team members return to work following an injury covered under South Carolina's Workers' Compensation Act. It supports a safe workplace and ensures compliance with state requirements.

Coverage

On-the-job injuries are covered by Ambu-Star Inc.'s Workers' Compensation Insurance Policy, which is provided at no cost to team members. Workers' compensation provides monetary benefits only; it is not a leave-of-absence entitlement.

Team members who need to miss work due to a workplace injury must also request a formal leave of absence. Refer to the Leave of Absence section of this handbook for additional details.

Reporting Workplace Injuries

If a team member is injured on the job—no matter how slightly—the incident must be reported immediately to their supervisor. Prompt reporting ensures timely medical care and proper claim processing.

Failure to follow company procedures may affect a team member's ability to receive workers' compensation benefits.

Authorized Medical Treatment
South Carolina law requires that medical treatment for workplace injuries be provided by an authorized treating physician selected by the company or its insurance carrier.

- Team members must attend all scheduled medical appointments.
- Unauthorized medical treatment may not be covered.

Work Restrictions and Medical Status
The authorized treating physician determines:

- Whether the team member is able to work
- Any temporary or permanent work restrictions
- When the team member has reached Maximum Medical Improvement (MMI)

Team members must provide updated medical documentation after each appointment.

Return-to-Work Expectations
Ambu-Star Inc. is committed to helping team members return to work safely and as soon as medically appropriate.

Light-Duty or Modified Work
If the authorized treating physician assigns temporary work restrictions, the company may offer light-duty or modified-duty assignments that align with those restrictions and support business needs.

- Team members are expected to accept suitable work offered within their medical limitations.
- Modified-duty assignments may require working during standard office hours, 8:00 a.m. to 5:00 p.m., to ensure appropriate supervision, accommodation, and effective support of business operations.
- Declining suitable work may affect workers' compensation benefits.

Full-Duty Return
Team members may resume their regular job duties once the authorized treating physician releases them to full duty.

Wage Replacement Benefits
If a team member is unable to work due to a compensable injury, wage replacement benefits may be provided in accordance with South Carolina workers' compensation law. If the team member returns to light duty at reduced earnings, partial wage benefits may apply.

Prohibition on Retaliation
Ambu-Star Inc. strictly prohibits retaliation, discrimination, or adverse treatment against any team member for reporting a workplace injury, filing a workers' compensation claim, or participating in the claims process.

Team Member Responsibilities

- Report injuries immediately
- Follow medical instructions
- Attend all medical appointments
- Provide updated work-status documentation

- Perform assigned duties within medical restrictions
- Request a formal leave of absence if time away from work is required
- Communicate any concerns about work restrictions or assignments

3-5 Jury Duty
Ambu-Star Inc. realizes that it is the obligation of all U.S. citizens to serve on a jury when summoned to do so. Full-time team members will be allowed time off to perform such civic service as required by law. Full-time team members are expected, however, to provide proper notice of a request to perform jury duty and verification of their service.

Full-time team members also are expected to keep management informed of the expected length of jury duty service and to report to work for the major portion of the day if excused by the court. If the required absence presents a serious conflict for management, team members may be asked to try to postpone jury duty.

Team members on jury duty leave will be paid for their jury duty service in accordance with state law.

3-6 Bereavement Leave
The death of a family member is a time when team members wish to be with their families. If the team member is full-time and loses a close relative and the team member has completed their ninety (90) day introductory period, the team member will be allowed paid time off of up to five (5) consecutive, eight (8) hour workdays to assist in attending to obligations and commitments. For non-immediate relatives, the team member will be allowed paid time off of up four (4) consecutive, eight (8) hour workdays to assist in attending to obligations and commitments. For extended relatives, the team member will be allowed paid time off of up to two (2) consecutive, eight (8) hour workdays to assist in attending to obligations and commitments.

For the purposes of this policy, a close relative includes a spouse, domestic or civil union partner, parents or step-parent, child or step-child, sibling or step-sibling, or any other relation required by applicable law. Paid leave days may be taken only on regularly scheduled, consecutive workdays following the day of death.

For the purposes of this policy, a non-immediate relative includes aunts and uncles, nieces and nephews, cousins, grandparents, great-grandparents, grandchildren, great-grandchildren, or guardians, to include the same for domestic/civil union partners).

For the purpose of this policy, an extended family relative includes father and mother in-law, sister or brother in-law (relatives by marriage, partnership, or generational distance), to include the same for domestic/civil union partners).

Team members must inform their supervisor prior to commencing bereavement leave. In administering this policy, Ambu-Star Inc. may require verification of death.

3-7 Voting Leave
In the event team members do not have sufficient time outside of working hours to vote in a statewide election, if required by state law, the team member may take off enough working time to vote. Such time will be unpaid, unless required by state law. This time should be taken at the beginning or end of the regular work schedule. Where possible, supervisors should be notified at least two (2) days prior to the voting day.

3-8 Insurance Programs
Full-time team members may participate in Ambu-Star Inc.'s insurance programs. Under these plans, eligible team members will receive comprehensive health and other insurance coverage for themselves and their families, as well as other benefits.

Upon becoming eligible to participate in these plans, team members will receive summary plan descriptions (SPDs) describing the benefits in greater detail. Please refer to the SPDs for detailed plan information. Of course, feel free to contact the Head of Human Resources with any further questions.

3-9 Long-Term Disability Benefits
Full-time team members are eligible to participate in the Long-Term Disability plan, subject to all terms and conditions of the agreement between Ambu-Star Inc. and the insurance carrier.

This is solely a monetary benefit and not a leave of absence. Team members who will be out of work must also request a formal leave of absence. See the Leave of Absence sections of this handbook for more information.

3-10 Retirement Plan
Eligible full-time and part-time team members may participate in Ambu-Star Inc.’s retirement plan upon successful completion of the ninety (90) day introductory period. Once eligible, team members may make pre-tax contributions to their individual retirement account in accordance with plan rules.

Upon meeting eligibility requirements, team members will receive a Summary Plan Description (SPD) outlining the plan’s features, participation guidelines, and administrative provisions. The SPD serves as the primary source of detailed plan information.

Questions regarding the retirement plan may be directed to the Head of Human Resources.

3-11 Continuation Of Benefits
The federal Consolidated Omnibus Budget Reconciliation Act (COBRA) allows eligible team members and their qualified dependents the opportunity to continue health insurance coverage under Ambu-Star Inc.'s health plan when a "qualifying event" would normally result in the loss of eligibility. Some common qualifying events are termination of employment, a reduction in the team member's hours or a qualified leave of absence, death of the team member, the team member's divorce or legal separation; and a dependent child no longer meeting eligibility requirements.

Under COBRA, the team member or dependent pays the full cost of coverage at Ambu-Star Inc.'s group rates plus an administration fee. Ambu-Star Inc. provides each eligible team member with a written notice describing rights granted under COBRA when the team member becomes eligible for coverage under Ambu-Star Inc.'s health insurance plan. The notice contains important information about the team member's rights and obligations. State mini-COBRA laws may also apply.

3-12 Salary Continuation
Ambu-Star Inc. provides enhanced monetary short-term disability benefits to full-time team members. These enhanced monetary benefits are inclusive of any monetary workers' compensation or statutory short-term disability benefits.

This is not a leave of absence provision. Team members who will be out of work must request a leave of absence. See the Leave of Absence sections of this handbook for more information. Team members will be required to submit medical certification as requested by Ambu-Star Inc. Required medical certification under this policy may differ from the medical certification required for any leave of absence requested.

Section 4 - LEAVES OF ABSENCE

4-1 Personal Leave

If team members are ineligible for any other Company leave of absence, Ambu-Star Inc., under certain circumstances, may grant a personal leave of absence without pay. A written request for a personal leave should be presented to management at least two (2) weeks before the anticipated start of the leave. If the leave is requested for medical reasons and team members are not eligible for leave under the federal Family and Medical Leave Act (FMLA) or any state leave law, medical certification also must be submitted. The request will be considered on the basis of staffing requirements and the reasons for the requested leave, as well as performance and attendance records. Normally, a leave of absence will be granted for a period of up to eight (8) weeks. However, a personal leave may be extended if, prior to the end of leave, team members submit a written request for an extension to management and the request is granted. During the leave, team members will not earn vacation, personal days, or sick days. Ambu-Star Inc. will continue health insurance coverage during the leave if team members submit their share of the monthly premium payments to the Company in a timely manner, subject to the terms of the plan documents.

When the team members anticipate returning to work, they should notify management of the expected return date. This notification should be made at least one (1) week before the end of the leave.

Upon completion of the personal leave of absence, the Company will attempt to return team members to their original job or a similar position, subject to prevailing business considerations. Reinstatement, however, is not guaranteed.

Failure to advise management of availability to return to work, failure to return to work when notified or a continued absence from work beyond the time approved by the Company will be considered a voluntary resignation of employment.

Personal leave runs concurrently with any Company-provided Short-Term Disability Leave of Absence.

4-2 Military Leave

If team members are called into active military service or enlist in the uniformed services, they will be eligible to receive an unpaid military leave of absence. To be eligible for military leave, team members must provide management with advance notice of service obligations unless they are prevented from providing such notice by military necessity or it is otherwise impossible or unreasonable to provide such notice. Provided the absence does not exceed applicable statutory limitations, team members will retain reemployment rights and accrue seniority and benefits in accordance with applicable federal and state laws. Team members should ask management for further information about eligibility for Military Leave.

If team members are required to attend yearly Reserves or National Guard duty, they can apply for an unpaid temporary military leave of absence not to exceed the number of days allowed by law (including travel). They should give management as much advance notice of their need for military leave as possible so that Ambu-Star Inc. can maintain proper coverage while team members are away.

4-3 Bone Marrow Donation Leave
Team members who work 20 or more hours per week are entitled to up to 40 hours of unpaid leave for the purposes of donating bone marrow. Verification of donation and the length of necessary leave may be required by the Company. Reasonable notice of leave must be provided. Team members may use accrued paid time off for this purpose.

4-4 Family And Medical Leave
The Leave Policy
Team members may be entitled to a leave of absence under the Family and Medical Leave Act (FMLA). This policy provides team members information concerning FMLA entitlements and obligations team members may have during such leaves. If team members have any questions concerning FMLA leave, they should contact the Head of Human Resources.

I. Eligibility
FMLA leave is available to "eligible team members." To be an "eligible team members," the team member must: 1) have been employed by the Company for at least 12 months (which need not be consecutive); 2) have been employed by the Company for at least 1,250 hours of service during the 12-month period immediately preceding the commencement of the leave; and 3) be employed at a worksite where 50 or more team members are located within 75 miles of the worksite.

Special hours of service eligibility requirements apply to airline flight crew team members.

II. Entitlements
As described below, the FMLA provides eligible team members with a right to leave, health insurance benefits and, with some limited exceptions, job restoration.

A. Basic FMLA Leave Entitlement
The FMLA provides eligible team members up to 12 workweeks of unpaid leave for certain family and medical reasons during a 12-month period. The 12-month period is determined based on a 12-month period measured forward from the start date of the team member's first family and medical leave. Leave may be taken for any one (1), or for a combination, of the following reasons:

- To care for the team member's child after birth or placement for adoption or foster care;
- To care for the team member's spouse, son, daughter or parent (but not in-law) who has a **serious health condition**;
- For the team member's own serious health condition (including any period of incapacity due to pregnancy, prenatal medical care or childbirth) that makes the team member unable to perform one (1) or more of the essential functions of the team member's job; and/or
- Because of any **qualifying exigency** arising out of the fact that the team member's spouse, son, daughter or parent is a military member on covered active duty or called to covered active duty status (or has been notified of an impending call or order to covered active duty) in the Reserves component of the Armed Forces for deployment to a foreign country in support of contingency operation or Regular Armed Forces for deployment to a foreign country.

A **serious health condition** is an illness, injury, impairment or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents team members from performing the functions of their job, or prevents the qualified

family member from participating in school or other daily activities. Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than three (3) consecutive calendar days combined with at least two (2) visits to a health care provider or one (1) visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, caring for the parents of the military member on covered active duty and attending post-deployment reintegration briefings.

B. Additional Military Family Leave Entitlement (Injured Service Member Leave)
In addition to the basic FMLA leave entitlement discussed above, an eligible team member who is the spouse, son, daughter, parent or next of kin of a **covered service member** is entitled to take up to 26 weeks of leave during a single 12-month period to care for the service member with a serious injury or illness. Leave to care for a service member shall only be available during a single 12-month period and, when combined with other FMLA-qualifying leave, may not exceed 26 weeks during the single 12-month period. The single 12-month period begins on the first day an eligible team member takes leave to care for the injured service member.

A "**covered service member**" is a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status or is on the temporary retired list, for a serious injury or illness. These individuals are referred to in this policy as "current members of the Armed Forces." **Covered service members** also include a veteran who is discharged or released from military services under condition other than dishonorable at any time during the five (5) years preceding the date the eligible team member takes FMLA leave to care for the covered veteran, and who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness. These individuals are referred to in this policy as "covered veterans."

The FMLA definitions of a "serious injury or illness" for current Armed Forces members and covered veterans are distinct from the FMLA definition of "serious health condition" applicable to FMLA leave to care for a covered family member.

C. Intermittent Leave and Reduced Leave Schedules
FMLA leave usually will be taken for a period of consecutive days, weeks, or months. However, team members also are entitled to take FMLA leave intermittently or on a reduced leave schedule when medically necessary due to a serious health condition of the team member or covered family member or the serious injury or illness of a covered service member. Qualifying exigency leave also may be taken on an intermittent basis.

D. No Work While on Leave
The taking of another job while on family/medical leave or any other authorized leave of absence is grounds for immediate discharge, to the extent permitted by law.

E. Protection of Group Health Insurance Benefits
During FMLA leave, eligible team members are entitled to receive group health plan coverage on the same terms and conditions as if they had continued to work.

F. Restoration of Employment and Benefits
At the end of FMLA leave, subject to some exceptions including situations where job restoration of "key team members " will cause the Company substantial and grievous economic injury, team members generally have a right to return to the same or equivalent positions with equivalent pay, benefits and other employment terms. The Company will notify team members if they qualify as "key team members," if it intends to deny reinstatement, and of their rights in such instances. Use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of an eligible team member's FMLA leave.

G. Notice of Eligibility for, and Designation of, FMLA Leave
Team members requesting FMLA leave are entitled to receive written notice from the Company telling them whether they are eligible for FMLA leave and, if not eligible, the reasons why they are not eligible. When eligible for FMLA leave, team members are entitled to receive written notice of: 1) their rights and responsibilities in connection with such leave; 2) Company's designation of leave as FMLA-qualifying or non-qualifying, and if not FMLA-qualifying, the reasons why; and 3) the amount of leave, if known, that will be counted against the team member's leave entitlement.

The Company may retroactively designate leave as FMLA leave with appropriate written notice to team members provided the Company's failure to designate leave as FMLA-qualifying at an earlier date did not cause harm or injury to the team member. In all cases where leaves qualify for FMLA protection, the Company and team member can mutually agree that leave be retroactively designated as FMLA leave.

III. Team member FMLA Leave Obligations
A. Provide Notice of the Need for Leave
Team members who take FMLA leave must timely notify the Company of their need for FMLA leave. The following describes the content and timing of such team member notices.

1. Content of Team member Notice
To trigger FMLA leave protections, team members must inform the Head of Human Resources of the need for FMLA-qualifying leave and the anticipated timing and duration of the leave, if known. Team members may do this by either requesting FMLA leave specifically, or explaining the reasons for leave so as to allow the Company to determine that the leave is FMLA-qualifying. For example, team members might explain that:

- a medical condition renders them unable to perform the functions of their job;
- they are pregnant or have been hospitalized overnight;
- they or a covered family member are under the continuing care of a health care provider;
- the leave is due to a qualifying exigency caused by a military member being on covered active duty or called to covered active duty status to a foreign country; or
- if the leave is for a family member, that the condition renders the family member unable to perform daily activities or that the family member is a covered service member with a serious injury or illness.

Calling in "sick," without providing the reasons for the needed leave, will not be considered sufficient notice for FMLA leave under this policy. Team members must respond to the Company's questions to determine if absences are potentially FMLA-qualifying.

If team members fail to explain the reasons for FMLA leave, the leave may be denied. When team members seek leave due to FMLA-qualifying reasons for which the Company has previously provided FMLA-protected leave, they must specifically reference the qualifying reason for the leave or the need for FMLA leave.

2. Timing of Team member Notice
Team members must provide 30 days' advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days' notice is not possible, or the approximate timing of the need for leave is not foreseeable, team members must provide the Company notice of the need for leave as soon as practicable under the facts and circumstances of the particular case. Team members who fail to give 30 days' notice for foreseeable leave without a reasonable excuse for the delay, or otherwise fail to satisfy FMLA notice obligations, may have FMLA leave delayed or denied.

B. Cooperate in the Scheduling of Planned Medical Treatment (Including Accepting Transfers to Alternative Positions) and Intermittent Leave or Reduced Leave Schedules
When planning medical treatment, team members must consult with the Company and make a reasonable effort to schedule treatment so as not to unduly disrupt the Company's operations, subject to the approval of the team member's health care provider. Team members must consult with the Company prior to the scheduling of treatment to work out a treatment schedule that best suits the needs of both the Company and the team members, subject to the approval of the team member's health care provider. If team members providing notice of the need to take FMLA leave on an intermittent basis for planned medical treatment neglect to fulfill this obligation, the Company may require team members to attempt to make such arrangements, subject to the approval of the team member's health care provider.

When team members take intermittent or reduced work schedule leave for foreseeable planned medical treatment for the team member or a family member, including during a period of recovery from a serious health condition or to care for a covered service member, the Company may temporarily transfer team members, during the period that the intermittent or reduced leave schedules are required, to alternative positions with equivalent pay and benefits for which the team members are qualified and which better accommodate recurring periods of leave.

When team members seek intermittent leave or a reduced leave schedule for reasons unrelated to the planning of medical treatment, upon request, team members must advise the Company of the reason why such leave is medically necessary. In such instances, the Company and team member shall attempt to work out a leave schedule that meets the team member's needs without unduly disrupting the Company's operations, subject to the approval of the team member's health care provider.

C. Submit Medical Certifications Supporting Need for FMLA Leave (Unrelated to Requests for Military Family Leave)
Depending on the nature of FMLA leave sought, team members may be required to submit medical certifications supporting their need for FMLA-qualifying leave. As described below, there generally are three (3) types of FMLA medical certifications: an **initial certification**, a **recertification** and a **return to work/fitness for duty certification**.

It is the team member's responsibility to provide the Company with timely, complete and sufficient medical certifications. Whenever the Company requests team members to provide FMLA medical certifications, team members must provide the requested certifications within 15 calendar days after the Company's request, unless it is not practicable to do so despite the team member's diligent, good faith efforts. The Company will inform team members if submitted medical certifications are incomplete or insufficient and provide team members at least seven (7) calendar days to cure deficiencies. The Company will deny FMLA leave to team members who fail to timely cure deficiencies or otherwise fail to timely submit requested medical certifications.

With the team member's permission, the Company (through individuals other than the team member's direct supervisor) may contact the team member's health care provider to authenticate or clarify completed and sufficient medical certifications. If team members choose not to provide the Company with authorization allowing it to clarify or authenticate certifications with health care providers, the Company may deny FMLA leave if certifications are unclear.

Whenever the Company deems it appropriate to do so, it may waive its right to receive timely, complete and/or sufficient FMLA medical certifications.

1. Initial Medical Certifications
Team members requesting leave because of their own, or a covered relation's, serious health condition, or to care for a covered service member, must supply medical certification supporting the need for such leave from their health care provider or, if applicable, the health care provider of their covered family or service member. If team members provide at least 30 days' notice of medical leave, they should submit the medical certification before leave begins. A new initial medical certification will be required on an annual basis for serious medical conditions lasting beyond a single leave year.

If the Company has reason to doubt initial medical certifications, it may require team members to obtain a second opinion at the Company's expense. If the opinions of the initial and second health care providers differ, the Company may, at its expense, require team members to obtain a third, final and binding certification from a health care provider designated or approved jointly by the Company and the team member.

2. Medical Recertifications
Depending on the circumstances and duration of FMLA leave, the Company may require team members to provide recertification of medical conditions giving rise to the need for leave. The Company will notify team members if recertification is required and will give team members at least 15 calendar days to provide medical recertification.

3. Return to Work/Fitness for Duty Medical Certifications
Unless notified that providing such certifications is not necessary, team members returning to work from FMLA leaves that were taken because of their own serious health conditions that made them unable to perform their jobs must provide the Company with medical certification confirming they are able to return to work and the team members' ability to perform the essential functions of the team members' position, with or without reasonable accommodation. The Company may delay and/or deny job restoration until team members provide return to work/fitness for duty certifications.

D. Submit Certifications Supporting Need for Military Family Leave
Upon request, the first time team members seek leave due to qualifying exigencies arising out of the covered active duty or call to covered active duty status of a military member, the Company may require team members to provide: 1) a copy of the military member's active duty orders or other documentation issued by the military indicating the military member is on covered active duty or call to covered active duty status and the dates of the military member's covered active duty service; and 2) a certification from the team member setting forth information concerning the nature of the qualifying exigency for which leave is requested. Team members shall provide a copy of new active duty orders or other documentation issued by the military for leaves arising out of qualifying exigencies arising out of a different covered active duty or call to covered active duty status of the same or a different military member.

When leave is taken to care for a covered service member with a serious injury or illness, the Company may require team members to obtain certifications completed by an authorized health care provider of the covered service member. In addition, and in accordance with the FMLA regulations, the Company may request that the certification submitted by team members set forth additional information provided by the team member and/or the covered service member confirming entitlement to such leave.

E. Substitute Paid Leave for Unpaid FMLA Leave
Team members must use any accrued paid time while taking unpaid FMLA leave.

The substitution of paid time for unpaid FMLA leave time does not extend the length of FMLA leave and the paid time will run concurrently with the team member's FMLA entitlement.

Leaves of absence taken in connection with a disability leave plan or workers' compensation injury/illness shall run concurrently with any FMLA leave entitlement. Upon written request, the Company will allow team members to use accrued paid time to supplement any paid disability benefits.

F. Pay Team member's Share of Health Insurance Premiums
During FMLA leave, team members are entitled to continued group health plan coverage under the same conditions as if they had continued to work. Unless the Company notifies team members of other arrangements, whenever team members are receiving pay from the Company during FMLA leave, the Company will deduct the team member portion of the group health plan premium from the team member's paycheck in the same manner as if the team member was actively working.

If FMLA leave is unpaid, team members must pay their portion of the group health premium through Paid by check directly to the company's business office.

The Company's obligation to maintain health care coverage ceases if the team member's premium payment is more than 30 days late. If the team member's payment is more than 15 days late, the Company will send a letter notifying the team members that coverage will be dropped on a specified date unless the co-payment is received before that date. If team members do not return to work within 30 calendar days at the end of the leave period (unless team members cannot return to work because of a serious health condition or other circumstances beyond their control), they will be required to reimburse the Company for the cost of the premiums the Company paid for maintaining coverage during their unpaid FMLA leave.

IV. Questions and/or Complaints about FMLA Leave
Questions regarding this FMLA policy, should be directed to the Head of Human Resources. The Company is committed to complying with the FMLA and, whenever necessary, shall interpret and apply this policy in a manner consistent with the FMLA.

The FMLA makes it unlawful for employers to: 1) interfere with, restrain, or deny the exercise of any right provided under FMLA; or 2) discharge or discriminate against any person for opposing any practice made unlawful by FMLA or involvement in any proceeding under or relating to FMLA. If team members believe their FMLA rights have been violated, they should contact the Head of Human Resources immediately. The Company will investigate any FMLA complaints and take prompt and appropriate remedial action to address and/or remedy any FMLA violation. Team members also may file FMLA complaints with the United States Department of Labor or may bring private lawsuits alleging FMLA violations.

V. Coordination of FMLA Leave with Other Leave Policies
The FMLA does not affect any federal, state, or local law prohibiting discrimination, or supersede any State or local law that provides greater family or medical leave rights. For additional information concerning leave entitlements and obligations that might arise when FMLA leave is either not available or exhausted, please consult the Company's other leave policies in this handbook or contact the Head of Human Resources.

4-5 Voluntary Firefighter Leave
Team members who respond to an emergency as a volunteer member of a fire department will be granted unpaid leave when they inform the Company of the reasons for not reporting to work, and at the Company's request, submit a statement signed by the chief of the fire department certifying the date and time the team member responded to and returned from the emergency.

Section 5 - GENERAL STANDARDS OF CONDUCT
5-1 Team Member Dress And Personal Appearance
It is important for all team members to project a professional image while at work by being appropriately attired. The Company's team members are expected to be neat, clean and well-groomed while on the job. Clothing must be consistent with Company standards and must be appropriate to the type of work being performed.

All team members are expected to maintain clean and appropriate oral and bodily hygiene. Hair (including facial hair) should be clean and neat. Accessories should be moderate and should not interfere with the team member's work. The excessive use of perfume or cologne is unacceptable, as are other odors that are disruptive or offensive to others or may exacerbate allergies.

The Company wishes to provide a work environment that is free of safety hazards, offensive behavior and harassment of any kind. Here are the general guidelines that team members are expected to follow:

- Extremes in makeup, hairstyles, clothing, tattoos and body piercing should be avoided.
- All tattoos must be covered.
- Strong perfumes, colognes, and aftershaves are not permitted.
- All team members must wear an AMBU-STAR Inc. issued ID Badge.
- Clothes should be clean and wrinkle-free.
- Open-toed shoes/sandals cannot be worn when working in a patient care position.
- Facial hair should be well groomed and neatly trimmed.
- Nails must meet the guidelines specified to infection control policies. See website: htto://wvvw.cdc.gov/healthywater/hygiene/hand/nail hvgiene.html

Unacceptable casual dress includes, but is not limited to:
- Jogging suits
- Shorts or capri-pants; capri-pants are defined as mid-calf to just below the knee.
- Pants that fall below mid-calf are acceptable presuming they follow the other guidelines of the policy.
- Beach shoes
- Tank tops, halter tops, or bare midriffs
- Tight stretch pants without a covering top
- Strapless or spaghetti-strap shirts or sundresses

Uniformed Team Members

Ambu-Star Inc. supplies uniformed team members with a specific number of shirts. More shirts are available at the cost of the team member upon the team member's request. It is the responsibility of the team member to supply themselves with the black pants, black boots, and black belt to complete the uniform.

Ambu-Star Inc. team members can also purchase (at the team members expense), a Ambu-Star Inc., branded coat the retail value price. Team members may also wear a solid black coat of their choice. Any team member who reports to work not in uniform will be subject to disciplinary action and/or be sent back home.

The Company is confident that team members will use their best judgment regarding attire and appearance. Management reserves the right to determine appropriateness. Any team member who is improperly dressed will be counseled or may be sent home, without pay, to change clothes. Continued disregard of this policy may because for corrective action, which may result in termination.

Team members may dress and groom themselves in a manner consistent with their gender identity and religion. The Company will reasonably accommodate team members who require or request an exception to the dress code based on a sincerely held religious belief, unless it causes undue hardship.
Team members should direct any questions about this policy to their supervisor.

Identification
Team members are expected to wear their ID Badge whenever they are on duty for Ambu-Star Inc. ID Badges should be worn above the waist and with the team member's photo clearly visible. If the badge is lost, there will be a $10 charge to replace the badge. If the badge wears out or is accidentally damaged, it will be replaced at no charge upon the return of the old badge.

Team member badges are the property of Ambu-Star Inc. and should be immediately returned to Ambu-Star Inc. in the event that employment is terminated.

5-2 Punctuality And Attendance
Team members are hired to perform important functions at Ambu-Star Inc. As with any group effort, operating effectively takes cooperation and commitment from everyone. Therefore, attendance and punctuality are very important. Unnecessary absences and lateness are expensive and disruptive and place an unfair burden on fellow team members and supervisors. The Company expects excellent attendance from all team members. Excessive absenteeism or tardiness will result in disciplinary action up to and including discharge.

The Company does recognize, however, that there are times when absences and tardiness cannot be avoided. In such cases, team members are expected to notify supervisors as early as possible, but no later than the start of the workday. Asking another team member, friend, or relative to give this notice is improper and constitutes grounds for disciplinary action. Team members should call, stating the nature of the absence and its expected duration, every day of absenteeism.

Consecutive unexcused absences of one (1) or more workdays can be grounds for disciplinary action, up to and including termination.

Unreported absences (no-call, no-show) of two (2) consecutive workdays will be considered a voluntary resignation of employment with the company.

The Attendance Program

Attendance is monitored on a rolling 12-month basis, beginning with a team member's first recorded occurrence. Under this policy, any unscheduled absence, tardiness, or early departure, regardless of the reason, will be documented as an occurrence. Occurrences are assigned as follows:

- Tardy of up to 7 minutes = 0.5 occurrence
- Tardy greater than 7 minutes = 1 occurrence
- Unscheduled absence = 1 occurrence
- Early Departure = 1 occurrence

Coaching, Counseling, and Progressive Discipline

Occurrences are tracked on a rolling 12-month basis. This means each occurrence remains on a team member's attendance record for 12 consecutive months from the date it was incurred. For example, an occurrence recorded in October will remain on the record until the following October; an occurrence recorded in March will remain until the following March, and so on.

Absences and tardies are tracked separately under this policy. Coaching, counseling, and subsequent progressive disciplinary action related to attendance will be administered as follows:

Progressive Discipline for Unscheduled Absences (12-month Rolling Period)

Number of Occurrences:	Disciplinary Action:
4 Occurrences	Verbal Coaching and Counseling
5 Occurrences	Documented Verbal Warning Issued
7 Occurrences	Written Warning, Probation, Suspension
9 Occurrences	Termination

Progressive Discipline for Tardiness (12-month Rolling Period)

Number of Occurrences:	Disciplinary Action:
5 Occurrences	Verbal Coaching and Counseling
7 Occurrences	Documented Verbal Warning Issued
10 Occurrences	Written Warning, Probation, Suspension
12 Occurrences	Termination

Patterns of Absences

Although occurrences expire after 12 months, the Company reserves the right to address patterns of absenteeism that indicate ongoing attendance issues.

Team members who demonstrate habitual behaviors such as repeated partial-shift absences (late arrivals or early departures exceeding two hours), consistent placement in progressive discipline for attendance, or frequent absences on specific days (e.g., routinely calling in on Mondays or Fridays) may be subject to additional review and progressive disciplinary action, even if previous occurrences have rolled off their record.

Call-In and Notification Procedures

Team members are responsible for following the established call-in procedures when an unscheduled absence is necessary. Team members must notify their supervisor at least two (2) hours before the start of their scheduled shift and provide both the reason for the absence and their anticipated return date.
If an absence is expected to continue for more than one day, the employee must call in each day to keep their supervisor informed, unless alternative arrangements have been approved.

If a team member will be late, they are required to notify their supervisor as soon as possible and provide an estimated time of arrival. Notification of a late arrival does not excuse the tardiness; it simply allows the supervisor to plan for any necessary schedule adjustments.

No Call/No Show
Ambu-Star Inc. considered a failure to report for a scheduled shift and failure to notify the supervisor of the absence a No Call/No Show, which is regarded as a serious violation of Company policy.

Disciplinary action for No Call/No Show occurrences will be administered as follows:

- **First Occurrence:**
  Written Warning and probation or a one-day suspension.
  Supervisors may consider the employee's overall attendance record when determining the appropriate action.
- **Second Occurrence:**
  Immediate termination of employment.

Management may take extenuating circumstances into consideration when determining disciplinary action (for example, when a team member is involved in a serious accident and is hospitalized).

Team Members who are absent for two consecutive scheduled workdays without proper notification will be considered to have voluntarily resigned without notice.

PTO may not be used to cover a No Call/No Show.

Additionally, supervisors have the discretion to terminate a team member with an existing poor attendance record upon the first No Call/No Show.

5-3 Conflict Of Interest And Business Ethics
It is the policy of Ambu-Star Inc. that all team members avoid any conflict between their personal interests and those of the Company. The purpose of this policy is to ensure that the Company's honesty and integrity, and therefore its reputation, are not compromised. The fundamental principle guiding this policy is that no team member should have, or appear to have, personal interests or relationships that actually or potentially conflict with the best interests of the Company.

It is not possible to give an exhaustive list of situations that might involve violations of this policy. However, the situations that would constitute a conflict in most cases include but are not limited to:

- Holding an interest in or accepting free or discounted goods from any organization that does, or is seeking to do, business with the Company, by any team member who is in a position to directly or indirectly influence either the Company's decision to do business, or the terms upon which business would be done with such organization;
- Holding any interest in an organization that competes with the Company;
- Being employed by (including as a consultant) or serving on the board of any organization which does, or is seeking to do, business with the Company or which competes with the Company; and/or

- Profiting personally, e.g., through commissions, loans, expense reimbursements, or other payments, from any organization seeking to do business with the Company.

A conflict of interest would also exist when a member of the team member's immediate family is involved in situations such as those above.

This policy is not intended to prohibit the acceptance of modest courtesies, openly given and accepted as part of the usual business amenities, for example, occasional business-related meals or promotional items of nominal or minor value.

It is the team member's responsibility to report any actual or potential conflict that may exist between the team member (and the team member's immediate family) and the Company.

5-4 Confidential Company Information
During the course of work, team members may become aware of confidential company information, including but not limited to information regarding Company finances, pricing, products, and new product development, software, and computer programs, marketing strategies, suppliers, and customers and potential customers. Team members also may become aware of similar confidential information belonging to the Company's clients. It is extremely important that all such information remain confidential, and particularly not be disclosed to competitors. Any team member who improperly copies, removes (whether physically or electronically), uses, or discloses confidential information to anyone outside of the Company may be subject to disciplinary action up to and including termination. Team members may be required to sign an agreement reiterating these obligations.

5-5 Use Of Communications And Computer Systems
Ambu-Star Inc. communication and computer systems are intended primarily for business purposes; however limited personal usage is permitted if it does not hinder performance of job duties or violate any other Company policy. This includes voice mail, e-mail and Internet systems. Users have no legitimate expectation of privacy regarding their use of the Ambu-Star Inc. systems.

Ambu-Star Inc. may access the voice mail and e-mail systems and obtain the communications within the systems, including past voice mail and e-mail messages, without notice to users of the system, in the ordinary course of business when the Company deems it appropriate to do so. The reasons for which the Company may obtain such access include, but are not limited to: maintaining the system; preventing or investigating allegations of system abuse or misuse; assuring compliance with software copyright laws; complying with legal and regulatory requests for information; and ensuring that Company operations continue appropriately during the team member's absence.

Further, Ambu-Star Inc. may review Internet usage to ensure that such use with Company property, or communications sent via the Internet with Company property, are appropriate. The reasons for which the Company may review team members' use of the Internet with Company property include, but are not limited to: maintaining the system; preventing or investigating allegations of system abuse or misuse; assuring compliance with software copyright laws; complying with legal and regulatory requests for information; and ensuring that Company operations continue appropriately during the team member's absence.

The Company may store electronic communications for a period of time after the communication is created. From time to time, copies of communications may be deleted.

The Company's policies prohibiting harassment, in their entirety, apply to the use of Company's communication and computer systems. No one may use any communication or computer system in a manner that may be construed by others as harassing or offensive based on race, national origin, sex, sexual orientation, age, disability, religious beliefs or any other characteristic protected by federal, state or local law.

Further, since the Company's communication and computer systems are intended for business use, all team members, upon request, must inform management of any private access codes or passwords.

Unauthorized duplication of copyrighted computer software violates the law and is strictly prohibited.

No team member may access, or attempt to obtain access to, another team member's computer systems without appropriate authorization.

Violators of this policy may be subject to disciplinary action, up to and including discharge.

5-6 Personal And Company-Provided Electronic Communication Devices

Ambu-Star Inc.-provided electronic communication devices (PCDs), including cell phones and personal digital assistants, should be used primarily for business purposes. Team members have no reasonable expectation of privacy in regard to the use of such devices, and all use is subject to monitoring, to the maximum extent permitted by applicable law. This includes, as permitted, the right to monitor personal communications, as necessary.

Some team members may be authorized to use their own PCD for business purposes. These team members should work with the IT department to configure their PCD for business use. Communications sent via a personal PCD also may subject to monitoring if sent through the Company's networks, and the PCD must be provided for inspection and review upon request.

All conversations, text messages, and e-mails must be professional. When sending a text message or using a PCD for business purposes, whether it is a Company-provided or personal device, team members must comply with applicable Company guidelines, including policies on sexual harassment, discrimination, conduct, confidentiality, equipment use, and operation of vehicles. Using a Company-issued PCD to send or receive personal text messages is prohibited at all times and personal use during working hours should be limited to emergency situations.

If team members who use a personal PCD for business resign or are discharged, they will be required to submit the device to the IT department for resetting on or before their last day of work. At that time, the IT department will reset and remove all information from the device, including but not limited to, Company information and personal data (such as contacts, e-mails, and photographs). The IT department will make efforts to provide team members with the personal data in another form (e.g., on a disk) to the extent practicable; however, the team member may lose some or all personal data saved on the device.

Team members may not use their personal PCD for business unless they agree to submit the device to the IT department on or before their last day of work for resetting and removal of Company information. This is the only way currently possible to ensure that all Company information is removed from the device at the time of termination. The removal of Company information is crucial to ensure compliance with the Company's confidentiality and proprietary information policies and objectives.

Please note that whether team members use their personal PCD or a Company-issued device, the Company's electronic communications policies, including but not limited to, proper use of communications and computer systems, remain in effect.

Electronic Communication Device Use While Driving
This policy establishes safe-driving expectations for all team members who operate a vehicle for company business in South Carolina. Team members who drive on Company business must abide by all states and local laws prohibiting or limiting PCD (cell phone or personal digital assistant) use while driving in accordance with the South Carolina Hands-Free and Distracted Driving Act (S.C. Code § 56-5-3890) and promotes safe, responsible driving behavior.

This policy applies to all team members operating a motor vehicle for company business, whether driving a company-owned, leased, or personal vehicle, all contractors or temporary workers driving on behalf of the company and all driving conducted within the state of South Carolina.

Policy Requirements

Prohibited Conduct
Team members may not engage in the following while operating a motor vehicle:

- Holding or supporting an electronic communication device (e.g., phone, tablet) with any part of the body.
- Reading, writing, or sending text messages, emails, or any form of typed communication.
- Manually entering information into a device, including typing addresses, searching the internet, or interacting with apps.
- Viewing motion-based content, including videos, movies, video calls, or games.
- Handling a device for any purpose not permitted by law or this policy.

Permitted Conduct
Team members may use electronic devices only under the following conditions:

- Hands-free operation using Bluetooth, voice commands, or integrated vehicle systems.
- Mounted devices used for navigation, provided the driver does not hold the device.
- Audio functions such as music, podcasts, or navigation prompts, as long as they are controlled hands-free.
- Emergency communication with law enforcement, fire, or medical services.

Enforcement & Compliance
South Carolina law prohibits handheld device use while driving and allows law enforcement to stop vehicles solely for violations. Team members must comply with all state and local laws at all times. Violations of this policy may result in disciplinary action, up to and including termination.

Company Expectations
Team members are expected to prioritize safety over communication. If a call or message requires manual interaction, team members must pull over to a safe location before using the device. Supervisors must model and reinforce safe-driving behavior.

Reporting Requirements
Team members must promptly report any citation received under South Carolina's hands-free law while driving for company business and any accident occurring while using a device in violation of this policy.

5-7 Camera Phones/Recording Devices
Due to the potential for issues such as invasion of privacy, sexual harassment, and loss of productivity, as well as inappropriate disclosure of confidential information, the use of any type of phone or video recording device, including but not limited to smart devices (phone, watches, glasses), anywhere on Company property or while performing work for the Company, including to record conversations or activities of other team members or management, is strictly prohibited, unless the device was provided by the Company and is used solely for legitimate authorized business purposes.

5-8 Personal Visits, Phone Calls, And Messaging
Disruptions during work time can lead to errors and delays. Therefore, personal phone calls, texting, and messaging must be kept to a minimum, and only be made or received after working time, or during lunch or break time.

For safety and security reasons, team members are prohibited from having personal guests visit or accompany them anywhere in Ambu-Star Inc. facilities other than the waiting areas.

5-9 Use Of Social Media
Ambu-Star Inc. respects the right of any team member to maintain a blog or web page or to participate in a social networking on or through websites or services such as X (formerly Twitter), Facebook, Threads, LinkedIn, YouTube, Instagram, TikTok, SnapChat, or similar sites/services (collectively "social media"). However, to protect Company interests and ensure team members focus on their job duties, team members must adhere to the following rules:

Team members may not use social media during work time or at any time with Company equipment or property.

All rules regarding confidential and proprietary business information apply in full to social media. Any information that cannot be disclosed through a conversation, a note, or an e-mail also cannot be disclosed through social media.

When using social media, if the team member mentions the Company and also expresses either a political opinion or an opinion regarding the Company's actions that could pose an actual or potential conflict of interest with the Company, and it is either implicit or explicit that the poster is affiliated with the Company, the poster must include a disclaimer. The poster should specifically state that the opinion expressed is a personal opinion and not the Company's position. This is necessary to preserve the Company's goodwill in the marketplace.

Team members may not use the Company's logos or trademarks for commercial purposes or to endorse any product or service.

Any conduct that is impermissible under the law if expressed in any other form or forum is impermissible if expressed through social media. For example, posted material that is discriminatory, obscene, defamatory, libelous, or violent is forbidden. Company policies apply equally to team member social media usage.

Team members with any questions should review the guidelines above and/or consult with their manager. Failure to follow these guidelines may result in discipline, up to and including discharge.

5-10 Use Of Facilities, Equipment And Property, Including Intellectual Property
Equipment essential in accomplishing job duties is often expensive and may be difficult to replace. When using property, team members are expected to exercise care, perform required maintenance, and follow all operating instructions, safety standards and guidelines.

Team members should notify their supervisor if any equipment, machines, or tools appear to be damaged, defective or in need of repair. Prompt reporting of loss, damages, defects and the need for repairs could prevent deterioration of equipment and possible injury to team members or others. Supervisors can answer any questions about the team members' responsibility for maintenance and care of equipment used on the job.

Team members also are prohibited from any unauthorized use of the Company's intellectual property, such as audio and video tapes, print materials and software.

Improper, careless, negligent, destructive, or unsafe use or operation of equipment can result in discipline, up to and including discharge.

Further, the Company is not responsible for any damage to team members' personal belongings unless the team member's supervisor provided advance approval for the team member to bring the personal property to work.

5-11 Bulletin Boards
Important notices and items of general interest are continually posted on Ambu-Star Inc. bulletin boards. Team members should make it a practice to review bulletin boards for newly posted items frequently. This will assist team members in keeping up with what is current at Ambu-Star Inc. To avoid confusion, team members should not post or remove any material from the bulletin board.

5-12 Solicitation And Distribution
To avoid distractions, solicitation by the team member of another team member is prohibited while either team member is on work time. "Work time" is defined as the time the team member is engaged, or should be engaged, in performing their work tasks for Ambu-Star Inc. Solicitation of any kind by non-team members on Company premises is prohibited at all times.

Distribution of advertising material, handbills, printed or written literature of any kind in working areas of the Company is prohibited at all times. Distribution of literature by non-team members on Company premises is prohibited at all times.

5-13 Hiring Relatives/Team Member Relationships
A familial relationship among team members can create an actual or at least a potential conflict of interest in the employment setting, especially where one relative supervises another relative. To avoid this problem,

Ambu-Star Inc. may refuse to hire or place a relative in a position where the potential for favoritism or conflict exists.

In other cases, such as personal relationships where a conflict or the potential for conflict arises, even if there is no supervisory relationship involved, the parties may be separated by reassignment or discharged from employment, at the discretion of the Company. Accordingly, all parties to any type of intimate personal relationship must inform management.

If two team members marry, become related, or enter into an intimate relationship, they may not remain in a reporting relationship or in positions where one individual may affect the compensation or other terms or conditions of employment of the other individual. The Company generally will attempt to identify other available positions, but if no alternate position is available, the Company retains the right to decide which team member will remain with the Company.

For the purposes of this policy, a relative is any person who is related by blood or marriage, or whose relationship with the team member is similar to that of persons who are related by blood or marriage.

5-14 Health And Safety

The health and safety of team members and others on Company property are of critical concern to Ambu-Star Inc. The Company intends to comply with all health and safety laws applicable to our business. To this end, the Company must rely upon team members to ensure that work areas are kept safe and free of hazardous conditions. Team members are required to be conscientious about workplace safety, including proper operating methods, and recognize dangerous conditions or hazards. Any unsafe conditions or potential hazards should be reported to management immediately, even if the problem appears to be corrected. Any suspicion of a concealed danger present on the Company's premises, or in a product, facility, piece of equipment, process, or business practice for which the Company is responsible should be brought to the attention of management immediately.

Periodically, the Company may issue rules and guidelines governing workplace safety and health. The Company may also issue rules and guidelines regarding the handling and disposal of hazardous substances and waste. All team members should familiarize themselves with these rules and guidelines as strict compliance will be expected.

Any workplace injury, accident, or illness must be reported to the team member's supervisor as soon as possible, regardless of the severity of the injury or accident.

5-15 Smoking

Smoking and/or use of any tobacco-related product or electronic device that delivers nicotine or related substances is not permitted in any Ambu-Star Inc. buildings, facilities, work sites, parking lots, or vehicles. Tobacco includes cigarettes, cigars, e-cigarettes, vapes, chewing tobacco and/or any other nicotine-related product. Team members wishing to smoke/use tobacco should do so during their break times, outside Ambu-Star Inc. buildings in designated areas, and in accordance with local ordinances. Team members who violate the tobacco policy will be subject to corrective action up to and including immediate discharge.

5-16 Substance Abuse/Prescription Medication

As an element of our commitment to a safe workplace, it is the policy of Ambu-Star Inc. to strictly prohibit conduct that may endanger the safety of others. The use of alcohol, controlled substances, or other drugs

including prescription and nonprescription medications that result in job impairment, or that present a safety risk, is prohibited. Illegal possession, manufacture, use, sale or transfer of a controlled substance on department property at any time is prohibited. Team members impaired by alcohol, controlled substances, or other drugs including prescription and non-prescription medications during work hours may pose safety and health risks. To ensure a safe working environment, team members are required to report to work and while at work will remain unimpaired by alcohol, controlled substances, or other drugs including prescription and non-prescription medications. Team members must consult with their doctor(s) about the medications' effect on their fitness for duty and ability to work safely and promptly disclose any work restrictions to their manager. Team members should not, however, disclose underlying medical conditions or prescription drug specifics unless required for work accommodation purposes.

It is the collective responsibility of the entire company to maintain a drug-free working environment. If any team members have concerns regarding another team member under the influence of drugs or alcohol while on duty it is expected that this is reported to management.

The use of any illegal drug covered under the Federal Controlled Substances Act U.S.C. Title 21 Section 812 is prohibited. The use of marijuana for any purpose, including medical, is also prohibited. Any illegal substance, drug, including illegal synthetics, or drug paraphernalia is prohibited on Company property. Marijuana and marijuana paraphernalia is prohibited on Company property.

We reserve the right to have team members' drug and/or alcohol tested at any time upon determining reasonable suspicion. This company has a drug and alcohol policy. Please see the drug/alcohol policy and contact the Head of Human Resources for policy details.

5-17 Business Expense Reimbursement

Team members will be reimbursed for reasonable approved expenses incurred in the course of business. These expenses must be approved by the team member's Supervisor, and may include air travel, hotels, motels, meals, cab fare, rental vehicles, or gas and car mileage for personal vehicles. All expenses incurred should be submitted to the Finance Director along with the receipts in a timely manner.

Team members are expected to exercise restraint and good judgment when incurring expenses. Team members should contact their Supervisor in advance if they have any questions about whether an expense will be reimbursed.

5-18 Operation Of Vehicles

All team members authorized to drive Company-owned or leased vehicles or personal vehicles in conducting Company business must possess a current, valid driver's license and an acceptable driving record. Any change in license status or driving record must be reported to the Head of Human Resources immediately.

Team members must have a valid driver's license in their possession while operating a vehicle off or on Company property. It is the responsibility of every team member to drive safely and obey all traffic, vehicle safety, and parking laws or regulations. Drivers must demonstrate safe driving habits at all times.

Company-owned or leased vehicles may be used only as authorized by the Head of Human Resources or the Operations Director.

The Head of Human Resources will conduct an annual Motor Vehicle Record (MVR) review for authorized drivers and may conduct additional reviews as deemed necessary by the Head of Human Resources or the Operations Director.

Electronic Communication Device Use While Driving
Team members who drive on Company business must abide by all state or local laws prohibiting or limiting electronic communication device (PCD) use, including cell phones or personal digital assistants, while driving. Further, even if use is permitted, team members may choose to refrain from using any PCD while driving. "Use" includes, but is not limited to, talking or listening to another person or sending an electronic or text message via the PCD.

Regardless of the circumstances, including slow or stopped traffic, if any use is permitted while driving, team members should proceed to a safe location off the road and safely stop the vehicle before placing or accepting a call. If acceptance of a call is absolutely necessary while the team members are driving, and permitted by law, they must use a hands-free option and advise the caller that they are unable to speak at that time and will return the call shortly.

Under no circumstances should team members feel that they need to place themselves at risk to fulfill business needs.

Since this policy does not require any team member to use a PCD while driving, team members who are charged with traffic violations resulting from the use of their PCDs while driving will be solely responsible for all liabilities that result from such actions.

Texting and e-mailing while driving is prohibited in all circumstances.

5-19 Driver Qualifications and Requirements
All drivers used in performance of services under the Transportation Agreement with Ambu-Star Inc., must meet the qualifications listed below. Each driver's record and qualifications are subject to an initial, annual, and random inspection as required by the Company in its sole discretion. Any driver failing to meet all of the listed qualifications are prohibited from driving under the Transportation Agreement with Ambu-Star Inc. Only drivers that are pre-authorized by the Company may provide NEMT services.

All records concerning driver qualifications should be submitted to Ambu-Star Inc.'s South Carolina Business Office. Ambu-Star Inc reserves the right to disallow any driver from performing services under the Transportation Agreement.

All drivers shall be at least twenty-one (21) years of age and have a current valid driver's license to operate the transportation vehicle to which they are assigned. Each driver utilized under the NEMT program must be registered as a certified driver, having met the requirements for performing services under the Transportation Agreement. All drivers must complete and maintain the SC DHHS approved training and/or certification, prior to the beginning of the first work assignment to perform services under the Transportation Agreement. The training will include:

- Defensive Driving
- First Aid
- CPR

- Spill Kit use
- Bloodborne Pathogens (OSHA-required)
- Bio-Hazard Removal/Clean-Up Procedures
- Passenger Assistance, Safety and Sensitivity Training (PASS)
- Wheelchair Securement
- HIPAA

Each driver must be competent in his or her driving habits. Each driver must be courteous, patient, and helpful to all passengers and be responsive to the passenger's needs during the travel event.

Drivers must be neat and clean in appearance with hair secured away from the face.

Drivers must have no more than two chargeable accidents or moving violations (or combination thereof) in the last three years.

Drivers who, during the full term of Ambu-Star Inc.'s, contract with SC DHHS, receive citations and are convicted of two (2) moving violations and/or accidents related to transportation services provided under this program, must be removed from service.

Drivers must not have a driver's license suspension or revocation, commercial or other for moving traffic violations within the previous five years.

All drivers must meet current state and federal motor carrier safety regulations and guidelines.

The provider shall not utilize drivers or attendants who have known abusers of alcohol or known consumers of narcotics or drugs/medications that would endanger the safety of recipients.

If a provider suspects a driver to be driving under the influence of alcohol, narcotics or drugs/medications, it could endanger the safety of recipients. Provider shall immediately remove the driver from providing service under this agreement.

The provider shall implement a verifiable 5-panel drug-testing program for drivers performing services under this agreement at the time of hi-re and as part of an ongoing screening program established by the Transportation Provider. Pre-employment, post-accident, and random drug screens covering more than 50% of the drivers each year shall be mandatory. Provider shall ensure that the current laws regarding drug and alcohol testing are enforced for all drivers and attendants.

Ambu-Star Inc. must require that the Transportation Provider secure a criminal background check on each driver through the South Carolina Law Enforcement Division (SLED) or the National Crime Information Center (if not a resident of South Carolina for at least 5 consecutive years), prior to employment and annually thereafter. For drivers not residing within the state of South Carolina, criminal background checks equivalent to the SLED check from the driver's state of residence are also required.

The provider shall verify that drivers or attendants are not listed on any state of federal Sex Offender Registry. The following will preclude a driver or attendant from providing services under this agreement: (1) conviction for driving while intoxicated or under the influence of a controlled substance within three (3) years prior to delivery of services under this agreement; (2) plea of guilty or nolo contendere or convicted of any felony

crime and/or misdemeanor related to health care fraud, theft, embezzlement, breach of fiduciary responsibility, or other financial misconduct; elder abuse; patient abuse in connection with the delivery of a health care item or service; unlawful manufacture., distribution, prescription, or dispensing of controlled substance; and any felony or misdemeanor conviction for child abuse, elderly abuse, domestic violence, criminal sexual conduct, drugs or weapons. All drivers and/or attendants shall assure that any packages are safely stored before the driver moves the vehicle. Drivers shall not be responsible for passenger's personal items.

Before departing the drop-off point, drivers must confirm the delivered members are safely inside their destination.

Drivers must not touch any member except as appropriate and necessary to assist the member into or out of the vehicle, into a seat, to secure the seat belt, or to render first aid or assistance for which the driver has been trained.

Drivers must not solicit or accept money, goods or additional business from members.

Drivers must be familiar with and knowledgeable of the streets and highways of the area in which they are traveling.

Drivers are expected to follow company and Ambu-Star Inc., guidelines for HIPAA compliance by keeping all members' protected health information (PHI) confidential. It should not be visible to other members/passengers, and drivers must not discuss this information with anyone who is not involved with the member's treatment or connected health care services.

Ambu-Star Inc. must conduct all driver credential reviews prior to implementation, prior to the driver transporting Medicaid members, and at least annually thereafter.

The provider must tenure any driver when substandard performance is identified, as documented by Ambu-Star Inc., or at the request of SC DHHS. SC DHHS reserves the right to direct Ambu-Star Inc., to terminate any driver when SC DHHS determines it to be in the best interest of the State.

Drivers who have been terminated from the Medicaid program by SC DifrIS for fraud or abuse, in accordance with section 1128(a)(l) and 1932(d)l of the Social Security Act and 42 CPR§ 438.610, and other applicable statutes and regulations must not be permitted to participate in any Federal health care programs. Federal health care programs include Medicare, Medicaid, and all other plans and programs that provide health benefits funded directly or indirectly by the United States. All Transportation Providers are responsible for ensuring that no driver or other team member has been excluded from the Medicaid program. A searchable database of persons excluded from participation can be found at https://oig.sc.gov.

Prior to the beginning of service, the provider will submit to Ambu-Star Inc., a "Provider Driver Update" listing all drivers that will be engaged in the provision of NEMT services.

5-20 Patient Transfer and Transportation Policy and Procedure
AMBULANCE/STRETCHER TRANSPORT

1. Identify the correct patient and communicate with the patient's family or nursing staff to notify them you are preparing to transport the patient.
2. Determine the safest and best method to access the patient.
3. Determine the correct level of ambulance transportation-advanced life support (paramedic required) or basic life support (EMT basic or EMT advanced) based on the patient's condition and status at the time of transport and determine if any advanced procedures or additional equipment are needed I.E., oxygen, ventilator, suctioning etc.
4. Determine if any additional personnel or equipment are needed. If so, notify dispatch.
5. Obtain any paperwork and signatures from the patient's family or facility staff, and any special instructions that need to be communicated to the receiving facility or family.
6. Determine the safest method of transferring a patient to a stretcher. Sheet draw, extremity lift — 2 people assist. ***NEVER STAND AND PIVOT ANY PATIENT.***
7. Secure the patient to a stretcher via all stretcher straps, harnesses and 2 rails.
8. Properly cover the patient with a blanket or sheet depending on current weather conditions.
9. Determine destination address and or suite number.
10. Obtain any patient belongings or communication logs that are to be transported with the patient and left with the patient or receiving staff or family.
11. Secure the patient in an ambulance with a locking mechanism.
12. Assist accompanying family or facility staff into an ambulance and make sure they are properly secured via seat belts.
13. Upon arrival at destination, ensure you are at the correct facility or home before unloading the patient.
14. Determine the safest route to access the destination with the patient, and where the patient is to be transferred I.E., bed, recliner, couch etc. and the safest method to do so. If any additional help or equipment is necessary for this, notify dispatch immediately. Do not attempt to move the patient without adequate personnel and equipment and ensure the patient is safely secured and cannot fall out of or off of bed, recliner, couch etc.
15. Once inside a facility or home, make sure the patient has power, water, heat/air conditioning (depending on the season) and can either properly take care of themselves or caretakers are in place. If the patient is on oxygen, make sure the concentrator or ample supply of oxygen tanks are accessible and operating properly (this applies to any required equipment). If any of these are not present, notify dispatch immediately.

WHEELCHAIR TRANSPORT

1. Identify the correct patient and communicate with the patient's family or nursing staff to notify them you are preparing to transport the patient.
2. Ensure the patient is assisted or placed into a wheelchair by family and nurturing staff prior to transport and dressed appropriately for weather conditions.
3. Determine if the patient can safely be transported via wheelchair (if patient is a flight or fall risk, notify dispatch immediately for possible change of transportation method)
4. Ensure that the patient has proper footrests installed on a wheelchair prior to transport.
5. A safety lap belt must be secured for the patient and wheelchair prior to moving patient.(Ambu-Star Inc. currently uses orange six-foot safety straps.)
6. Ensure that all accompanying paperwork, lunch, snacks or patient belongings needed for transport or appointment are collected. Confirm address and suite of destination, and make sure the given address matches what dispatch sent you.

7. Ensure that the patient is safely loaded and secured into a wheelchair van via the wheelchair anchor system and lap belts.
8. Ensure that any accompanying family or nursing staff are assisted into a wheelchair van and properly secured via seat belt.
9. Ensure proper delivery of the patient to the destination (deliver the patient to the exterior door of the home).
10. If transported to a facility, I.E., wound center, dialysis clinic, nursing home, doctor's office, etc. ensure that facility staff is acknowledged of patients' arrival, and they are at the correct destination.
11. If transported to a home, first determine the safest route for the patient to gain access (deliver the patient to the exterior door of the home). If any steps are present, notify dispatch so they can send the proper assistance to your location.
12. If transported home, make sure the patient has power, water, heat/air conditioning (depending on the season) and can either properly take care of themselves or caretakers are in place. If any of these are not present, notify dispatch immediately.

5-21 Publicity/Statements To The Media

All media inquiries seeking the Company's official position as to any issue of the Company must be referred to the Operations Director. Only the Operations Director is authorized to make or approve public statements on behalf of the Company. No team members, unless specifically designated by the Operations Director, are authorized to make those statements on behalf of the Company. Any team member wishing to write and/or publish an article, paper, or other publication on behalf of the Company must first obtain approval from the Operations Director.

5-22 Corrective Action

Every team member has the duty and responsibility to be aware of and abide by company rules and policies. Team members also have the responsibility to perform their duties to the best of their ability and to the standards as set forth in their job description or as otherwise established.

Disciplinary action may be taken by management in cases of violations of the policies set forth in this manual, or for any instance of conduct deemed inappropriate by management.

Ambu-Star Inc. supports the use of progressive corrective action to address issues such as poor work performance or misconduct. This policy is designed to provide a corrective action process to improve and prevent a recurrence of undesirable behavior and/or performance issues. Ambu-Star Inc. reserves the right to administer the corrective action process, in any order, depending on the facts of each situation and the nature of the offense.

Some of the factors that will be considered are whether the offense is repeated despite coaching, counseling and/or training; the team member's work record; and the impact the conduct and performance issues have on our organization. Outlined below are the levels of progressive corrective action.

- Verbal warning: Verbal counseling with the team member and written record of the discussion placed in the team member's file for future reference

- Written warning: Written warnings may be used when a verbal warning has not helped change unacceptable behavior or for behavior or violations more serious in nature. Written warnings are placed in the team member’s personnel file

- Suspension (without pay): Suspensions without pay may be issued when prior corrective action has not resulted in improvement, or when the seriousness of the conduct warrants a more significant response. Suspensions may vary in length based on the circumstances. During a suspension without pay, the team member is relieved of all duties and is not compensated for the time away from work

- Termination: Termination may occur if established corrective action goals are not met, for repeated unacceptable behavior, gross misconduct, or other unacceptable performance or behavior

Ambu-Star Inc. reserves the right to determine the appropriate level of corrective action for any inappropriate conduct or performance. It is the policy of the Company to regard corrective action as an instrument for developing total job performance rather than as punishment. Corrective action is one tool the Company may select to enhance job performance. Consistent with the at-will employment relationship between the Company and its team members, the Company is not required to take any corrective action before making an adverse employment decision, including termination. The Company may skip any or all steps it deems necessary. Corrective action may be in the form of a written or oral reprimand, notice(s) of inadequate job performance, suspension, demotion, termination or in any combination of the above, if the Company so elects. The Company reserves its right to administer corrective action at its sole discretion.

Good common sense and judgment will make disciplinary action unnecessary. If you are in doubt, consult this handbook, the Company's policies, or the Head of Human Resources or the Operations Director.

5-23 References

Ambu-Star Inc. will respond to reference requests through the Head of Human Resources. The Company will provide general information concerning the team member such as date of hire, date of discharge, and positions held. Requests for reference information must be in writing, and responses will be in writing. Please refer all requests for references to the Head of Human Resources.

Only the Human Resources Department may provide references.

5-24 If You Must Leave Us

Should any team members decide to leave the Company, we ask that they provide a supervisor with at least two (2) weeks advance notice of departure. Thoughtfulness will be appreciated. All Company property including, but not limited to, keys, security cards, parking passes, laptop computers, fax machines, uniforms, etc., must be returned at separation. Team members also must return all the Company's confidential information upon separation. To the extent permitted by law, team members will be required to repay the Company (through payroll deduction, if lawful) for any lost or damaged Company property.

5-25 A Few Closing Words

This handbook is intended to give team members a broad summary of things they should know about Ambu-Star Inc. The information in this handbook is general in nature and, should questions arise, any member of management should be consulted for complete details. While we intend to continue the policies, rules and benefits described in this handbook, Ambu-Star Inc., in its sole discretion, may always amend, add to, delete from or modify the provisions of this handbook and/or change its interpretation of any provision set forth in this handbook. Team members should not hesitate to speak to management if they have any questions about the Company or its personnel policies and practices.

5-26 Workplace Standards, Expectations and Code of Conduct
To support a safe, respectful, and productive work environment, all team members are expected to conduct themselves in a professional manner at all times. Ambu-Star Inc. requests each team member to review the Company expectations outlined below. The following work rules outline behaviors and practices that are strictly prohibited. Violation of any of these standards may result in disciplinary action, up to and including termination of employment. This list is intended to serve as guidance and is not exhaustive.

Prohibited Conduct
The following actions are unacceptable and may result in corrective action:

- Engaging in fighting, physical altercations, or provoking a fight.
- Participating in horseplay or other unsafe behavior.
- Violating the Company's Dishonesty Policy.
- Committing theft, attempted theft, or unauthorized use of Company, patient, medical facility, or team member property.
- Damaging, destroying, or mishandling Company, patient, or medical facility property.
- Using profane, abusive, threatening, or intimidating language or conduct toward team members, patients, or medical facility staff.
- Exhibiting insubordination, including refusal or failure to perform assigned duties or to follow supervisory instructions.
- Gambling or participating in the lending of money for profit.
- Demonstrating excessive absenteeism or tardiness.
- Leaving a work area, vehicle, or patient unattended without proper authorization.
- Exceeding allotted break periods or failing to return from breaks on time.
- Violating timekeeping or time clock procedures.
- Falsifying Company documents or records of any kind.
- Possessing firearms or other weapons on Company property or while performing work duties, unless specifically authorized.
- Misusing or mishandling Company funds.
- Operating Company equipment or vehicles in a reckless or unsafe manner, or failing to comply with established safety procedures.
- Allowing unauthorized riders in Company vehicles without prior management approval.
- Making unnecessary stops or conducting personal business during work hours or while using Company vehicles or equipment.
- Using indirect or unauthorized routes for personal business.
- Failing to report any vehicle accident within one hour of the event on the day it occurs.
- Failing to maintain a valid driver's license when required for job duties.
- Failing to notify the Company immediately of a driver's license suspension.
- Reporting to work under the influence of alcohol or drugs, or using, possessing, or distributing such substances on Company premises or during work hours.
- Failing to notify the Company of the loss of medical, EMT, or Paramedic credentials.
- Engaging in unauthorized solicitation or distribution of literature during working time or in working areas.
- Failing to return all required signatures, forms, and documentation daily.
- Losing or damaging Company computers, cell phones, or other business equipment through negligence.
- Participating in outside employment that interferes with normal business operations or performance.

- Allowing unauthorized individuals on Company property; all visitors require prior management approval.
- Failing to use a spotter where required when backing or operating vehicles.
- Failing to complete required annual or biennial training.
- Failing to report workplace injuries within one hour of the event on the day they occur.
- Failing to wear the required Company uniform, including black pants, black boots, black belt, and Company-issued shirts.

GENERAL HANDBOOK ACKNOWLEDGMENT

This team member Handbook is an important document intended to help team members become acquainted with Ambu-Star Inc. This document is intended to provide guidelines and general descriptions only; it is not the final word in all cases. Individual circumstances may call for individual attention.

Because the Company's operations may change, the contents of this Handbook may be changed at any time, with or without notice, in an individual case or generally, at the sole discretion of management.

Please read the following statements and sign below or digitally acknowledge to indicate receipt and acknowledgment of this Handbook.

I have received and read a copy of Ambu-Star Inc.'s team members Handbook. I understand that the policies, rules and benefits described in it are subject to change at the sole discretion of the Company at any time.

I further understand that my employment is terminable at will, either by myself or the Company, with or without cause or notice, regardless of the length of my employment or the granting of benefits of any kind.

I understand that no representative of Ambu-Star Inc. other than the Vice President and/or Operations Director or Head of Human Resources may alter "at will" status and any such modification must be in a signed writing.

I understand that my signature below indicates that I have read and understand the above statements and that I have received a copy of the Company's Team member Handbook.

Team member's Printed Name: Benjamin Warren

Team member's Signature: _____

Position: Driver

Date: 04/02/2026

This acknowledgment will be filed in your personnel file.

RECEIPT OF NON-HARASSMENT POLICY

It is Ambu-Star Inc.'s policy to prohibit intentional and unintentional harassment of or against job applicants, contractors, interns, volunteers, or team members by another team member, supervisor, vendor, customer, or any third party on the basis of actual or perceived race, color, creed, religion, national origin, ancestry, citizenship status, age, sex or gender (including pregnancy, childbirth, and pregnancy-related conditions), marital status, military service and veteran status, physical or mental disability, genetic information, or any other characteristic protected by applicable federal, state, or local laws (referred to as "protected characteristics"). Such conduct will not be tolerated by Ambu-Star Inc.

The purpose of this policy is not to regulate any team member's personal morality, but to ensure that no one harasses another individual in the workplace, including while on Company premises, while on Company business (whether or not on Company premises) or while representing the Company. In addition to being a violation of this policy, harassment or retaliation based on any protected characteristic as defined by applicable federal, state, or local laws also is unlawful. For example, sexual harassment and retaliation against an individual because the individual filed a complaint of sexual harassment or because an individual aided, assisted, or testified in an investigation or proceeding involving a complaint of sexual harassment as defined by applicable federal, state, or local laws are unlawful.

Violation of this policy including any improper retaliatory conduct will result in disciplinary action, up to and including termination.

I have read and I understand Ambu-Star Inc.'s Non-Harassment Policy.

Team member's Printed Name: Benjamin Warren

Team member's Signature: _____

Position: Driver

Date: 04/02/2026
